A GROWING NEWSPAPER A GROWING COMMUNITY

Vol. 64, No. 7 CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA Thurs., Feb. 16, 1956

WHEN THE "STARS" CAME OUT ... members of Boy Scout Troop 47 of Campbell received the coveted Star Scout Award at the Court of Honor held here last Thursday. Pictured are, kneeling, left to right, David Herbert, Wayne Herzog, Gene Walter, and Jack Herbert. Standing, left to right, Stephen Netherby, Charles Whitten, Burton Walter, and Paul Farrell. Standing in the back on the left is Harlan Herbert, scoutmaster and Duane Beaubien, advancement chairman for the Campbell district.

C. OF C. ASKS AID OF CLUBS

Every club and organization in Campbell this week was urged to name a representative to serve on the Old Settlers' Day general committee. The 64th annual event, the second oldest consecutive celebration in California, is scheduled for May 11-12-13.

Sam Cava, who was recently appointed full-time manager of the Campbell Chamber of Commerce with the aid of his secretary, Mrs. Cleo Morser, this week mailed more than 60 letters to the various organizations in the communty asking their cooperation.

"It is urgent," Cava said, "That we get the names of the representatives at once in order to begin the organization for our big event. I hope every organization that we have contacted will reply immediately."

The manager said that he was optimistic over the cooperation the community will give to Old Settlers' Day.

Four organizations had named their representatives at press time.

The energetic manager took up his duties at the Chamber office at 19 S. First St. on Monday for the first time since his appointment. In addition to the preliminary work on the Old Settlers' Day, the C. of C. this week was kept busy answering inquiries from industrial firms and others.

Although are telephone has just recently been installed (FR 8-5425), the manager said that both he and Mrs. Morser had received numerous calls daily requesting information.

Sales Tax Woes!

Despite the long-standing opposition of the Campbell City Council to the levying of a sales tax in the city, Campbell will sooner or later have to put such a levy into effect. The new law leaves no alternative.

This was indicated on Tuesday night when Mayor Richard Morton reported to his fellow Council members that he would attend the inter-city meeting in San Jose on Friday when plans for the establishment of the tax will be discussed.

....Following this meeting the machinery for setting up the tax will be outlined.

Campbell had the distinction in October 1954 of being the lone opposition to the resolution passed by the League of California Municipalities favoring a uniform sales tax which started the penny rolling. The legislature passed the bill last year.

Under the new law, if a city does not set up its own sales tax, the monies collected by a county sales tax will be diverted to county use.

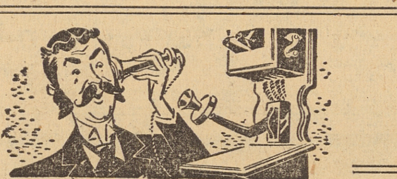
AGAIN THE JOG!

The controversial "Hamilton-Jog" will again face the Planning Commission tonight at its regular meeting.

Commissioner Hollis Logue will report on the findings as to the clearing up of the confusion relative to whether the 15-foot off-set should be over a distance of 250 or 450 feet and how the City Planners should handle the situation.

It is expected that the planners will vote down the 250-foot curve and then re-open the hearing for the curve over a greater distance.

Indications are that the Planners will go along with the "jog" despite the pressure to make the road straight.



On The Line in Campbell

Tony Oreglia, owner of the Double AA Market in Campbell, played hookey a couple of times from his store this week so he could watch his son Larry play on the fast-stepping Bellarmine Prep basketball team. The Bells defeated Salinas and Lick this week for their 15th and 16th consecutive wins of the season, a new school record. Larry who formerly attended Campbell High has been a consistent point-getter for his team. He plays forward with the Bells.

—o—

Van Vleck Realty opened a Campbell office this week located at 600 San Jose-Los Gatos Road. This is the first office for the realty firm in this area, although it has three other offices in the San Jose area. Byron I. James, manager of the local office, has had eight years of real estate in the county. Other personnel in the office here include Bill Brice, Scherrie Brice, Harry L. Jantze, Cy Salisbury and Marjorie Meyer.

—o—

Bill Harrison, popular owner of "The Virginian", one of the better known eating places in this area located at Campbell Ave., and San Jose-Los Gatos Road, is once again welcoming customers to his establishment after a siege in the hospital. He reports he is happy to be recovering from his operation with "his shoes on".

—o—

"Yvonne" and "Mathilda", the glamorous twosome at Rachel's, women's wear at 295 E. Campbell were recipients recently of corsages wired to them from Los Angeles by Rachel, the former owner of the store. The two gal mannequins, the first ones the store has ever had, made their appearance a short time ago. The event was duly noted in "On the Line" and the item was espied by Rachel.

—o—

"On the Line" erred last week in reporting the incident of the tree falling on the home of Mrs. H Leigh Cross, 270 Leigh Ave. The tree fell all right. But the item incidentally gave credit to the wrong person in the naming of McBain Ave. The Press reported that the street was named after the family of Mrs. Cross' mother who was a McBain.

Mrs. Frank E. McBain and her daughter, Mrs. John E. LaMoure,

Court of Honor Sets Record in Scouting Awards

A new record in Scouting awards was set last Thursday at the Campbell Grammar School at the Court of Honor for Campbell scout troops, according to Duane Beaubien, district advancement chairman and in charge of the Court when a total of 137 awards were made during the evening.

Eight Boy Scout troops and one Explorer Post were represented at the event held as a climax to Boy Scout week at which 13 Scouts received the Star award, the third highest in Scouting. Eight new Stars came from Troop 47 for a new high mark. The remaining five were divided among the four other troops. Receiving the award from Troop 47 were David Herbert, Wayne Herzog, Gene Walter, Jack Herbert, Stephen Netherby, Charles Whitten, Burton Walter and Paul Farrell.

Twin brothers, Douglas and David Morris of Troop 34 were also the recipients of the Star award. Other Stars went to David Muzzy, Troop 67, Gary Shippam, Troop 26, and John Curtis, Troop 73.

The advancement pennant went to Troop 47. The special pennants for having 35 per cent 1st Class were won by Troops 9 and 35 while Troops 28 and 47 got the special pennants for 1st Class above 40 per cent.

Troop No. 71, this area's newest Scouting unit, attending its first Court of Honor, won the attendance pennant. The impressive Tenderfoot investure was conducted by members of Troop 47.

Ed Kalstadt, scout commissioner, was presented with the "Arrowhead award", one of the highest given to adult Scouters. Don Gary, scout executive, made the presentation.

Rev. Stanley Clapham, of St. Luke's Episcopal Church in Los Gatos, gave the invocation.

Troops represented at the Court of Honor were 26, 34, 67, 47, 71, 73 and Explorer Post 28 and awards were made in all ranks of Scouting.

Concert February 24

COUNTY HONOR BAND DRAWS 12 MEMBERS FROM CAMPBELL HIGH

Twelve Campbell High School bandsmen will be members of the Santa Clara County Honor Band which will give its third annual concert in San Jose State College's Morris Dailey Auditorium on Friday night, February 24, with the program beginning at 8:15 p. m.

Band students from CUHS include Donna Lenz (flute); Peggyp Fisher (flute); Verla Raab (bassoon); Joan Price and Don Carre (clarinets); Don Peterson (trumpet); Pat McClenahan (trombone); Dick Kettlewell (baritone); Larry Weber (drums); Bob Moran (bass clarinet); Bob Longuevan (tuba); and Dave Gupton (tenor saxophone). These students, the best musicians in the Buc band were personally chosen by director Bill Perkins. Other schools sending their top musicians to the concert are Fremont, Los Gatos, Camden, Lick, Santa Clara, Sunnyvale, Los Altos, and Mountain View.

The honor band will be under the direction of Clarence Sawhill, director of bands for UCLA. Sawhill has served as assistant director of bands for the University of Illinois and director of bands for the University of Southern California.

He became UCLA'S director in 1952.

Sawhill will direct the Santa Clara County Honor Band in: Prelude and Fugue, by Bach; The Three Trumpeters by Agostini (featuring the SJSC trumpet trio); Icarus, by Johnson; Ken tucky, 1800 by Grundeman; First Norwegian Rhapsody by Christiansen; Guadalcanal March by Rodgers; Fantasy for Band, by Erickson; Stars and Stripes Forever, by Sousi.

No admission will be charged for the concert.

COUNCIL UPHOLDS CITY PLANNERS BY 3-2 VOTE

By a divided vote of 3-2, the Campbell City Counicl Tuesday night upheld the decision of the Planning Commission which had denied a use permit for Ivan Kucich to build two apartments in a M-1-S zone (light industrial) in Campbell.

But at the same time, all five members of the Council indicated that a general overhaul of the zoning in that particular section was needed. This overhaul would be accomplished, they felt, by the revised master plan which Nestor Barrett, planning consultant, is now preparing.

"No Decision"

Actually the Council's action was ruled a "no-decision" contest by Joseph Bonacina, city attorney, who said a 4/5 majority was necessary on an appeal vote. But the end result was the same. Kucich lost. The Planning Commission's decision still stands.

Voting to uphold the Planning Commission were Mayor Richard Morton, Councilman James Arends and Councilman John Chargin. Opposed were Councilmen Charles Rose and Gordon Daum.

Because Councilman Chargin arrived late on the scene, Mayor Morton was forced into the unusual action of seconding the motion of Councilman Arends. Chargin in announcing that he was voting with Morton and Arends explained that he felt that the zone should be changed to allow the apartments to be built, but that he opposed issuing a use permit. He said that he was on the Planning Commission when the area was originally zoned.

"As long as it is a light industrial zone," he said, "industry has a right to the same protection from dwellings as a residential zone would have from industry. That clause was put in the zoning ordinance specifically for that purpose".

Attorney Pleads

Kucich was represented at the hearing by his attorney, Peter Bond, Sunnyvale judge. Bond made his plea after City Clerk Dorothy Trevethan, had read a lengthy letter from Nestor Barrett, planning consultant, who was unable to be present at the meeting.

The letter specified the reasons the use permit was turned down. Kucich had applied on November 30, 1955 and the hearing took place December 15. Barrett explained that neither Kucich nor his counsel were present at the hearing and the permit was rejected unanimously because (1) no evidence of need was shown (2) dwellings in that area would be in violation of the master zoning plan.

He stated in the latter, if an error in the zoning had been made, a new study was needed and maintained that he would not be in favor of dwellings in an industrial zone at any time. He mentioned also that PG&E was considering building in the area.

Attorney Bond took exception to Barrett's statements, claiming that the planning consultant had evidently changed his viewpoint since the original application was made. He said he understood that Barrett had favored it then.

Bond said that he felt the price of land in that area (approximately $10,000 per acre) was too high to induce any industry to come in and maintained that apartments would not hurt industry. He thought that the rights of individuals (in this case, he said, his client had $50,000 invested in something he could do nothing with) should be protected in a close question such as this.

Mayor Morton emphasized, however, that Kucich had purchased the property after the zoning had been in effect and knew what he was getting.

Zoning Wrong: Rose

Councilman Rose declared that he felt that the zoning was in error and that it was no place for light industry. For that reason he thought the apartments could be built there. Councilman Daum agreed with him.

Rose and Morton disagreed over the possible cost of city services between industry and apartments. The mayor claimed that the extra people (100) that one 4-unit apartment and the other 24-unit apartment would have would cost the city much more than that for any industry.

In a final statement, after the "no-contest" ruling, Mayor Morton declared that the complexion of the Council might possiblyp change within a few months and for that reason it was better for Kucich to apply again rather than saddle any of the new members with an old case.

——G. V.

San Jose's 'Grab' Bothers Little Cities In Area

Annexation methods used by San Jose in its ever-continuing "grab" of territory, were blasted this week by almost all that city's "little neighbors", including Campbell.

The Campbell City Council Tuesday night served notice to the County Boundary Commission that this city opposed the annexation of El Quito, an area east of the Saratoga-Santa Clara Road.

The Council opposed the proposed annexation of El Quito 1 because it infringes on Campbell's sphere of influence and is contradictory to the spirit of a previous understanding in which San Jose agreed not to annex territories that wer considered part of the Campbell area.

On another annexation front in the San Jose "grab" war, a Cupertino councilman, Norman Nathanson threatened to institute a $5 million law suit against San Jose as a possible counter move to forestall San Jose getting some area that Cupertino is eyeing. The councilman claims that pressure is being brought against a property owner in the area who heretofore has opposed San Jose's "grab".

San Jose continued its westward march this week when it filed a new annexation labeled Southwestern No. 1 which extends along Saratoga-Sunnyvale Road, San Jose's deepest penetration yet into the rapidly growing southwest area.

This particular annexation takes off from the present San Jose City limits at Prospect Road and meanders near or to Saratoga Ave., to the SP tracks, then north to the Argonaut Co. property.

The area involved lies within the tentative boundaries of the proposed City of Saratoga, which includes Prospect Road on the north, Quito Road from Saratoga Ave., to Austin Corners, Sunnyside Drive on the south and Saratoga Creek on the west.

NEW PROGRAM

A new enlistment program for the U. S. Army will allow men to enlist on a three-year basis for a direct assignment in the Anti-Aircraft Command in the continental United States, Sgt. Vaughn, local Army recruiter, announced this week.

HOWARD E. LILLINGSTON . . . Heads Drive

LILLINGSTON HEADS DRIVE OF RED CROSS

Howard E. Lillingston, 524 Old Orchard Road, Campbell, was named this week by Laurance Hill, chairman of the Campbell Red Cross chapter, as campaign director for the annual Red Cross membership drive in this area.

The drive will start on March 1 and will include Campbell and the central suburban areas which include Cambrian Park, Quito Park, San Tomas and the Moorpark area.

The drive chairman, a retired army major, has been active in community affairs and has been a resident of Campbell for nine years. He is the newly elected treasurer of the Congregational Church and his wife is president of the Pilot International, women's service club, in San Jose. She is a graduate of Campbell Union High School as is their daughter.

Major Lillingston has the distinction of serving in both World War I and II. After service in North Africa and Italy during World War II he was retired with a physical disability in 1947. Between wars he was employed by the Santa Fe railroad.

Headquarters for the local drive were opened in Campbell this week as the organization for the drive got under way. The local chapter also met this week to outline the program for the annual membership campaign.

Funds raised in the membership drive go to cover the various Red Cross services which include disaster relief, blood procurement, aid to servicemen and their families, nursing service and home care and first aid and other safety services.

Council Adopts Two Ordinances

Campbell City Council adopted two ordinances on Tuesday night. One was the uniform building and electrical code (No. 92) while No. 93 was an amendment to the traffic ordinance.

Both ordinances are published in The Press this week.

The traffic ordinance amendment eliminates diagonal parking in front of the grammar school. The code was largely adopted by reference to the complete code on file in the office of the City Clerk and building inspector.

W. L. Morser, building inspector, reported that a total of 36 permits for $311,520 were issued in January and that $1298.95 had been collected in fees.

The Council invited Joe Martin, of the Taft Realty Co., sales agents for the Westchester Park subdivision, to the next meeting to discuss the company's written protest of the actions of Mark Thomas, city engineer. The company claimed that the city engineer was unduly technical in forcing the company to clean up debris in the area and to make repairs on curbs and walks.

RECREATION GROUP MEETS

San Tomas Family Recreation group joined in making paper valentines and decorating cafetorium windows last Friday when parents and children of the group met at San Tomas School cafetorium.

Coffee and Valentine cake were served at the conclusion of the meeting. Mr. and Mrs. Del Hack were chairmen for the evening.

BIG FIELD LOOMS IN COUNCIL RACE

A field of eight (with a possible two more starters) poised this week for the City Council race. The deadline for the April 10 election, when three councilmen will be elected, is today at noon.

At press time, eight had returned their nomination papers and two more were still out. Two incumbents, Charles Rose and John Chargin, were among the eight while a third councilman Gordon Daum, who was undecided until this week, announced that he would not run for reelection.

Councilman Daum said that his decision not to run was entirely due to business pressure and, despite the requests of many residents, he felt he could not do justice to the job to take a second term. Daum, who has a responsible position with the Marquette welding equipment company, is forced to be away from home a great deal.

Supports Chargin, Rose

"I sincerely urge the voters to support the two incumbents, Charlie Rose and Jack Chargin," the retiring councilman said. "There are many projects that have been started during their current term with which they are familiar and I am certain they can carry out to a successful conclusion."

The three councilmen will be elected for four-year terms. Holdover city dads are Mayor Richard Morton and James Arends. Two years ago all five councilmen were elected and the two with the highest vote drew the long-term.

One Last Week

Myron L. Fairchild, 49 Budd Ave., an insurance and investment broker, was the first to file. He filed last week. Three others, besides the two incumbents, Rose and Chargin, had taken out papers last week and returned them this week. The three are, Perry Hull, of Fewtrell Drive, E. Jerry Collins, 769 McBain, and Fred T. Burt, 329 Sunberry Drive. Hull, a carpenter and Collins, a machinist, are both former auxiliary policemen. Burt, a trained accountant is an expeditor with Westinghouse at Sunnyvale.

Also filing this week were T. M. (Ebb) Bohn, 47 N. Central, and Claude R. Smith, 239 E. Campbell. Bohn is well known in the area through his radio show "Stars in the Future" and as the "Cheery Farmer" at the Santa Clara County Fair. Smith is a real estate salesman and was a candidate for the council in the last election.

John W. Wimbly, 240 W. Campbell, a salesman, and Ray B. Strong, 59 S. 3rd St. took out nomination papers during the week, but at press time last night had not returned them.

SLOW DOWN!

Speed limit on Rincon and Virginia avenues in Campbell, now 35 miles per hour, will be reduced to 25 miles per hour, the City Council ruled on Tuesday night.

The new speed limit was recommended by Chief of Police Robert Locke because the area now has become thickly populated with many school children using the thoroughfares.

The Council also voted to mark Hamilton Ave. as a 35 mile per hour zone to correspond with the posting now in effect by the county.

Chief Locke also revealed that a report by the Campbell Auxiliary Police for 1955 indicated that 3666 hours were donated by the auxiliary in 1955.

ADULT CLASS IN 'THREE R's' STARTS HERE

Reading, writing, and arithmetic will receive up to date treatment in a new course which will start next Monday evening, at Campbell Adult Center, 101 N. Winchester Road.

Adults who need practice and basic review in the "three R's" should find this a most profitable course, E. P. Stanley, the director points out. He said it is being started in answer to requests from residents of this area for instruction in the practice and use of English in writing and reading, and correct conversational usages. Business mathematics will also be included as a part of the curriculum, particularly the "Language of Arithmetic".

Adults who wish to enroll may visit the Adult Center, at the Administrative offices of the distrct, any day or in the evenings of Monday, Tuesday and Wednesday, from 7-9:00 p. m., according to Stanley.

The first meeting of the photography class will be held at Campbell High School tonight at 7:00 in room 76 (Dark Room).

Catholics Buy Four-Acre Site

St. Lucy's Catholic Church of Campbell has purchased four acres adjacent to its school on Kennedy Ave. for $60,000, it was announced this week by Father Denis Kennelly, pastor.

The property, known as the "Barber place", lies on the south side of the present school and faces Winchester Road. The purchase included a 10-room two-story house.

Negotiations were handled through the office of Steve Dorich, real estate agent. Tentative plans call for the building of a new church and other facilities adjacent to the school.

Father Kennelly reports that plans are now being drafted by the architect, pending the approval of the archdiocese office.

CAMPBELL, CAMDEN PTA's MAKE LIFETIME MEMBERSHIP AWARDS

Two men last night received highest honors bestowed by the Parent-Teacher Association on being awarded PTA life memberships when Camden High School was host for the combined Campbell and Camden High School PTA Founders Day meetings at the Camden High School cafetorium.

L. E. (Bill) Means, local druggist, received the award from Campbell High School PTA, for his active participation and interest in young people's welfare and activities. Means is president of Campbell Unioon School District (elementary) board of trustees.

Dean Chamberlin, principal at Camden High School, has been a faculty member at Campbell High School since 1939 until his appointment as principal at Camden last year, except for the time his teaching career was interrupted by his service in the U. S. Air Force during World War II. The PTA life membership was bestowed upon him for his invaluable help in setting up the organization in the new school and his contribution as a successful faculty member and administrator.

Mrs. Eugen Andres, Jr., chairman for the evening, introduced Mrs. J. Frank Snowden, legislation chairman for the California Congress of Parents and Teachers, who spoke briefly following presentation of awards, outlining legislative procedure followed by that organization.

Mrs. Andres presented Mrs. George Hatlen, Campbell High School PTA Founders Day chairman, who introduced past Campbell High PTA presidents, who were honored guests of the evening. Mmes. D. A. Howe, Carl Field, Alfred Weltz, James Gleed, LBen Howard, John Cantoni, Eugen Andres, Jr., Wyland R. Morgan, Leonard Meritt and Mrs. George Robertson were past presidents attending the meeting.

Both schools conducted PTA meetings preceding the program, and the evening was concluded with the serving of refreshments.

National Guard Plans Special 'Recruiting Day'

An all-out effort to enlist 250 men in the Santa Clara County National Guard units will be made by members of the 49th Division next Wednesday, February 22. This day has been designated as National Guard Recruiting Day by the National Guard Bureau in Washington.

The local efforts will be part of a nation-wide program in which every Guardsman in the United States has been asked to interest others in this patriotic phase of citizenship.

Brig. Gen. Corwin H. Olds (ret.), Dr. W. R. Morgan and William E. Henley were recently appointed by Mayor Richard Morton to represent Campbell as an advisory committee in National Guard activities. The group will work with the county National Guard Commission and the other advisory groups from the 10 cities in the county.

One of the functions of the local committee will be to infrom young men of their obligations under the new Reserve Forces Act of 1955, pointing out ways in which obligation can be fulfilled in the National Guard without interrupting college and business careers.

Gen. Olds is minister of the Congregational Church in Campbell, Dr. Morgan is a dentist who has long been active in community affairs and Henley is superintendent of the Campbell Union Grammar School District.

PTA AWARD...Mrs. Richard O'Flyng, left is shown receiving honorary life membership award from Mrs. Dorothy Royce, principal of Campbell Union Grammar School and chairman of the PTA life membership committee.

PTA Life Member Award Goes to Active Worker

Mrs. Richard M. O'Flyng was awarded honorary life membership in the Campbell Grammar School P. T. A. last Tuesday at a PTA mother and daughter tea in the school before more than 350 members and guests.

She has been active in the PTA and on school committees since she and her family moved into the Campbell School District ten years ago. She served as PTA president during the 1952/53 school year, and secretary for two terms, beginning with the 1949/50 school year. Mrs. O'Flyng was also president of the El Paradiso Council, Sixth District PTA for one term in 1953.

Mrs. Dorothy Royce, Campbell Grammar School principal, and chairman of the life membership committee, stated that Mrs. O'Flyng was selected for the honorary membership not only for the active part she has taken in PTA activities, but also her willingness to serve in any capacity needed in school activities, also the interest and good judgment shown in her work.

Mrs. O'Flyng remarked that one of her most interesting duties was serving on the parents' Committee when the school was studying various methods of reporting to parents and Mrs. O'Flyng was one of several parents who were asked to serve on the committee to give the parents' viewpoint on report cards.

Besides her activities in school, Mrs. O'Flyng has worked with the Camp Fire Girls and is now a member of Santa Clara County Council of Camp Fire Girls.

Mrs. O'Flyng lives with her family at 1703 Willowhurst in San Jose. She has two children attending Campbell schools; Dennis, who is a junior at Campbell Union High School and daughter, Robin, an eighth grader at the grammar school.

Mrs. A. T. Kramer of Santa Rosa was a recent visitor at the J. O. Souto home at 190 North Central Avenue.

KIWANIS SEE SAMOA PICTURES

Color pictures of American Samoa were shown Tuesday before the Campbell Kiwanis Club by Ed Davis, representing American Trust Company who spent several months there as a representative of the firm. Rainfall there is over 200 inches per year.

Main port is Pago Pago on the island of Tutuilla which was ceded to the United States in a treaty of 1899. It is the mouth of an extinct crater, too narrow for a ship to turn around in. Somerset Maughn used this setting for his novel, "Rain", while Robert Louis Stevenson wrote from a nearby island in British Samoa and under Dominican rule of New Zealand, this being his burial place.

Program chairman was Arthur Mayo. C. P. Klassen reported that the Campbell Bucs face Lick High School tomorrow there, and that the Northern California High School wrestling tournament is to be at Camden High on Saturday.

CAMPBELL REGISTER

Penny Ann Hoerler of Cupertino spent last week with her grandparents, Mr. and Mrs. Elmer Hoerler and her great granddad, John Strong, all of North First Street. Her parents, Mr. and Mrs. Don Hoerler, were having a snow vacation at Yosemite. Sister Donna Lee, 3, spent the vacation with her maternal grandparents, Mr. and Mrs. Tolman Christensen of East San Jose.

Bill Ammon and George Howland are home on leave, after their boot training in the U. S. Navy at Long Beach. Both boys will be here until February 24 when Bill will report to Treasure Island to await his ship, the U. S. S. Wedderburn, and George returns to Long Beach.

Mr. and Mrs. Stanley B. Smith of 14561 Santa Clara-Los Gatos Road had guests last weekend when their daughter, Mrs. F. E. Spofford (Lois Smith) and her husband and 8 weeks old daughter, Susan, of Davis came for a visit. Spofford is assistant to the provost at the University of California at Davis.

Mrs. Edna Smith of North Second St. tells us that she received a letter not long ago from Walter [illegible] Smily, an old family friend and former resident of Campbell, who now lives in Seattle. Walter had a slight heart attack following a recent minor operation but says he's fine now, although he is on a diet and must take it easy. Walter wrote he is thinking of selling his home in Seattle and returning to Campbell some time next summer. He is an active volunteer worker with the Air Corps Filter Center of the Ground Observer Corps in Seattle.

Mrs. Sadie Miller was a visitor last week at the Joseph Feasel home on El Solyo Ave. Mrs. Miller, who lives in Oakland, is Mrs. Feasel's mother. The Feasel family has been in their new home on El Solyo for about three weeks and are busy getting settled.

Mr. and Mrs. Walter Sutton and son, Cliff, and his friend, Bill Nelson, spent last weekend at Sonora They spent a day visiting Walter Sutton's aunt, Mrs. Adelaide Sutton. They spent the next day at Dodge Ridge, along with a throng of other snow enthusiasts—there was plenty of snow on the Ridge, but not too much along the way. Cliff and Bill spent the day zooming down slopes on Cliff's toboggan, which he made himself and was reportedly the fastest toboggan at Didge Ridge that day.

FIRST METHODIST CHURCH

Rev. Herbert Neale will speak on "Armchair Pioneers" at both the 9:30 and 11 a. m. services in the new church on Sunday.

Nursery, kindergarten, high school and adult classes will meet at the same times as the worship services, in the new church.

Primary, junior and intermediate departments will continue to use the old church.

EDITORIAL

"GETTING THROUGH TO YOU"

The Campbell Press takes its job pretty seriously and it grieves us when we find on occasion that apparently we "aren't getting through to you."

The sole objective of this paper is to strive for the betterment of this community and to inform people what is going on in it.

Week after week the staff beats out reams of copy about city-wide projects, reports on the activities of the City Council, the school boards, the Planning Commission and a general round-up of what's cooking in our town.

The detailed information one finds in this paper about your community will not be found in any other periodical or newspaper.

It stands to reason that we are in a better position to "cover" Campbell than any other medium. Our activities are confined to this area alone and are not spread over hundreds of miles. Our allegiance is not divided or spread thinly over many communities that have like problems.

We are solely interested in the welfare and development of this area. Our job then is to act as the "sounding board" on a concentrated basis. We have an "exclusive" in that department.

We have sometimes heard (or overheard) local residents claim that they didn't know about a scheduled meeting or about some organization. Some people have said that they didn't know the name of the Mayor or any member of the City Council.

Others have professed ignorance over some activity or project that was city-wide in scope and was directly affecting their pocketbook.

Some have even wondered "why THEY didn't tell us about what was going on?"

Those are the times when we begin to wonder if we are getting through.

The information of which these people had claimed ignorance had all been presented in stories in this paper at one time or another.

It follows then that if a community newspaper is doing its job well that the people of the community will be well-informed provided they read the paper.

We maintain that because we are "pros" in the field of weekly journalism we can convey to our readers a word picture of what's going on in town. We are specialists in our field.

We make no claims, on the other hand, that our readers will be informed about the world situation when they read The Campbell Press. We leave that to other periodicals.

But we guarantee that you will learn about your own community if you read our paper.

We have a job to do and we are proud to be doing it. We think it is very important to know one's own community and your community newspaper is the only way you will get the entire picture.

We will continuously strive to do a better job. We know we can.

We sincerely want to "get through to you." We need you and we feel you need us.

We wince when we hear, "We didn't know about it."

We want our wincing held to a minimum.

"THE HAMILTON JOG"

We have been an interested observer of the discussion over whether Hamilton Ave. should have a "jog" in it. The discussion has taken place at the meetings of the Campbell Planning Commission, and both "joggers" and "non-joggers" have had their say.

The 15-foot curve that is being discussed is definitely for the future when Hamilton Ave. becomes 120 feet in width. The city engineer maintains that the curve would be hardly noticeable and by it curving, the city can save $50,000, because the houses on only one side of the street will have to be moved.

If the road goes straight, however, property on both sides will have to be taken over by the city.

Although it is for the future, the fact still remains that the planning must take place now; and, as the city engineer points out, the property can be purchased now at a probable saving to the city.

We are inclined to go along with the expressed thinking of the majority of the members of the Planning Commission. If the city can save $50,000 without jeopardizing the overall plan, we believe that the road should "jog." We think very little, if anything, will be gained by forcing the city to make a straight road just to equalize the amount of property taken on both sides of the street.

EVIDENCE OF INTEREST

Filing for the three seats on the Campbell City Council will end this noon. We are pleased to note that enough interest has been engendered so that there will be competition for the positions.

That is the way it should be.

We are not advocating a bitter mud-slinging campaign or anything like that. But we feel that it is a healthy sign when people show interest in their own community in any way. Entering the race for the City Council or taking a lively interest in the campaign are definitely ways of indicating interest.

We strongly maintain that all of us who are a part of this community owe it to ourselves and to our community to take part in civic affairs either in a direct or indirect manner.

This is just another way of showing that we are "Campbell Conscious," which to all of us should be a very important point.

The Campbell Gambol

HOTEL CORONADO near San Diego is a big, old resort that sparkles with activity during the vacation then has its quiet months in mid-Winter except when the California Newspaper Publishers Association holds a convention there, which has been about four out of the last ten years . . . it is one of those places where, while being a resort on the American plan, sir—you are called on to wear a coat and a necktie along with your other attire whenever in the lobby or the dining room or ma'am—you wear a dress 'cause slacks, shorts and bathing attire simply won't do, you know . . . . of course from donwstairs you can change and trip along to the swim pool or make a dash for the beach or the locked harbor where the yachts glide along, seeking a course rather snootily as sailboats and speedboats lean and turn while churning the water . . . of course if you have a coat, the head waiter will slip you a necktie to serve the purpose, and some of the boys managed to borrow a coat since they came out of the hills with leather-coats, flannel-plaid shirts and with nothing else by way of attire in their Cadillacs, Buicks, Pontiacs, Fords and other cars, all so new and brilliantly painted to vie for attention with the blue sky and brilliant red sunset which danced on ocean horizon.

NOT SO MANY Newspapers in California today in the west now as a decade or so ago, account of equipment costs, paper shortages and production costs, yet more people attend the conventions and from greater distances . . . three from Hawaiian Islands, several from Oregon, Arizona and Nevada, whom I talked with and quite a number from Eastern states who, some three weeks ago, had attended the National Editorial Association convention at Chandler, Arizona, one red-shoed-lady from Illinois in this party telling me that some thirty of the group made up a party at that convention for a trip to Guymas, Mexico, for deep-sea fishing and the enjoyment of this resort place with its beautiful and warm beach and its temperature so similar to that of Honolulu, then on to the California Newspaper Publishers convention . . . our group had some 780 delegates for the four day conference which brought to us Governor Goodwin Knight, Lt. Governor Les Powers, Attorney-General Pat Brown and State School Superintendent Roy Simpson who only had opportunities to meet and talk with the publishers at dinner meetings, the rest of the time being taken up by so many conferences over newspaper problems that ran to or beyond the scheduled time.

A DOCTOR Friend whom I met on the way back told me that all of his practice is not without humor at times . . . a colored lady from the deep South having heard that he had done some outstanding surgical work, came to his office recently for an examination . . . nurse asked what the nature of her problem might be and she said, likes as not she could show it better than talk about it so exposed the side of her torso on which there was a large growth . . . Doctor on examining it detected a growth on each side of her body and told her she should have it attended to at once as it would keep on getting bigger, recommending a surgeon who specialized in tumors . . . "Lawdy, me", she said, "It's jest liken, I'd been told before 'bout three years ago if I didn't get it off'n me it would get bigger, and bigger and bigger 'til is squeezed the testaments out of me".

LOCAL SEAMAN HITS PORT ON NAVY CRUISER

Among the 2400 men who arrived in Long Beach this week aboard the cruisers USS Bremerton and USS Saint Paul was Robert C. Blue, gunners' made third class, son of Mr. and Mrs. John M. Blue, 789 White Oaks Road, Campbell.

Long Beach is the home port for the cruisers and they are returning following a six month tour of duty in the Far East. The Saint Paul, a veteran of 11 years service in the U. S. Navy, steamed out of Long Beach July 12 and operated with Task Force 77 along with the Bremerton. On December 16, the Saint Paul played host to Charles S. Thomas, Secretary of the Navy.

During the cruise the "Saint" visited the ports of Pearl Harbor, Yokusuka and Sasebo in Japan; Keelung, Formosa; and Manila in the Philippines. While in Keelung for the Christmas holidays, His Eminence Cardinal Spellman visited the crew while he was on his yearly Christmas tour of the Far East Armed Forces.

'ON THE LINE'

Continued from Page One

informed The Press this week that the street was named after their husband and father who is now living on MacArthur Ave., in San Jose.

The Press now cheerfully gives credit where credit is due.

—o—

Forrest Reese also has a kick coming. He has been selected as a member of the Youth Guidance Committee. In the picture caption of the committee in last wee'k's issue his name was given as Forest Rees, Jr. The Press, of course, ruefully regrets its mental lapse but is still amazed by it. (It is not often that in one name three errors can occur.) (Count 'em)

—o—

H. J. Gerdts, manager of the Campbell Cooperative Dryer, had a right to be put out recently when on a Monday morning he discovered that some so-called "hot-rodders", who had been using the dryer's driveway for a racetrack over the weekend, had bashed in one of the doors to a shed with a "hot-rod" and had done considerable other damage. Who did the smashing still remains a mystery.

American Trust Reports Big Year

American Trust Company held its Annual Stockholders' Meeting on Tuesday, January 31, at the Head Office in San Francisco. All directors and officers were reelected. President James K. Lochead reported that 1955, the first year of its second century of operation, was one of continued progress for American Trust Company.

During the year deposist rose $72,718,000 to a new high of $1,409,840,840 which ranked the bank sixteenth largest in the nation. Aggregate commercial and real estate loans outstanding at the end of 1955 were $756,924,632. Cash and United States Government obligations at the year-end totaled $662,073,000. Total resources were $1,541,810,999.

Green Thumb Nursery Stays Open Thursdays

The Green Thumb Nursery of Los Gatos has announced that it will stay open on Thursdays for the next few weeks as a convenience to its customers.

Normally the Green Thumb closes one day a week, Thursday.

As the continuous rains during January have hampered normal planting at this season this extra day will enable many of its customers to select and plant these items as soon as possible.

Herman Thompson Rites Held

Herman Thompson, 56, of 14270 Lora Drive, Cambrian Park, passed away in a San Jose hospital on February 8, after a long illness.

Thompson, a retired employee of the State Division of Architecture in San Jose, had been a resident of the area for the past 14 years, having come here from Soiux City, Iowa.

Surviving are his wife, Leona, and a daughter, Mrs. Lillian Speek of Alaska, also two sons, Harley and Don, both of Los Gatos.

Thompson also leaves four brothers and six sisters; Rendel, Carl, Ted and Melvin, also Mrs. Martha Nelson, Mrs. Myrtle Lingbeck, Mrs. Thelma Allen and Mrs. Amelia Erickson, all of South Dakota, also Mrs. Mabel Charles of Minnesota and Mrs. Viva Clark of Iowa. He also leaves six grandchildren.

Services were conducted by Rev. Clarence Crouser of Grace Lutheran Church of San Jose, from Darling, Fischer and Krug Memorial Chapel in Campbell last Friday at 2:30 p. m. Interment was in Los Gatos Cemetery.

The above bonds are offered when, as and if issued and received by us and subject to approval of legality by Messrs. Orrick, Dahlquist, Herrington & Sutcliffe, Attorneys, San Francisco, California.

Dated Feb. 1, 1956 Due Feb. 1, 1957-81, Incl.

Principal and semi-annual interest (February 1 and August 1) payable at the office of the Treasurer of Santa Clara County in San Jose, California. First coupon (annual) payable February 1, 1957. Coupon bonds in denomination of $1,000 registerable only as to both principal and interest.

In the opinion of counsel, interest payable by the District upon its bonds is exempt from all present Federal and State of California personal income taxes under existing statutes, regulations and court decisions.

We believe that these bonds are legal investments in California for savings banks, subject to the legal limitations upon the amount of a bank's investment, and are likewise legal investments in California for trust funds and for other funds which may be invested in bonds which are legal investments for savings banks, and are eligible as security for deposits of public moneys in California.

These bonds, to be issued under the provisions of Division 3, Chapter 17 of the California Education Code, for various school purposes, in the opinion of counsel will constitute valid and legally binding obligations of the Campbell Union High School District. The Board of Supervisors of Santa Clara County will have power and will be obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said District subject to taxation by said District (except certain intangible personal property, which is taxable at limited rates) without limitation of rate or amount.

It takes a team to make it run!

Our plants would stop cold if it were not for the important services made available to us by businesses in this area.

Local suppliers help keep our plants humming with everything from paper clips to delivery trucks, from typewriter ribbons to huge amounts of fuel and power.

The importance of these services to us is indicated by the fact that, annually, we spend considerable sums for them right in this area.

We believe this is a good investment—both in the efficient operation of our plant and in the prosperity and growth of this community.

Kaiser Aluminum

Our aim is always to be your good neighbor and a strong partner in the growth and prosperity of Campbell.

LEGAL NOTICE

NOTICE TO CONTRACTORS

The Board of Trustees of the Cambrian School District of Santa Clara County, State of California, invites and will receive sealed proposals until 8:00 P. M., February 20, 1956, at the office of said Board at the Cambrian School, Casey Road & San Jose-Los Gatos Highway, Campbell, Santa Clara County, California, at which time and place said bids will be opened and read in public, for the furnishing of all labor and materials for the erection and construction of the following:

Erection of Farnham School on Woodard Road, near San Jose-Los Gatos Road, Santa Clara County, California.

The Board reserves the right to accept or reject any or all proposals. The award, if any, will be determined on the Base Bid as modified by any alternates the Board may decide to accept or reject.

All bids shall be in accordance with the plans and specifications for said work prepared by Evans & Lincoln, John M. Evans, Architect, at 2181 Moorpark Avenue, San Jose, California. Plans and specifications may be obtained from the office of the Architect upon deposit of $25.00 per set. Additional sets may be obtained at $15.00 per set, which sum is non-returnable.

All bids must be made on the form furnished by the Architect and must be accompanied by a bid bond, a certified check, or a cashier's check for an amount not less than 10% of amount of said bid. Checks or bonds shall be made payable to the Cambrian School District bonds as required by the specifications and/or fail to enter into a contract with the School District.

No bidder shall withdarw his bid within a period of thirty (30) days after date of opening.

Workmen employed on said work shall be paid not less than the following prevailing scale of wages:

Classification	Hourly Rate
Carpenters	$2.90
Laborers	2.17½
Cement Finishers	2.74½
Plasterers	3.43
Hod Carriers	2.90
Plumbers	3.25
Electricians	3.35
Painters (7 Hrs)	2.92
Tile Setters	3.10
Roofers	2.75
Glaziers	2.55

and in accordance with the rates fixed by the schedule adopted May 15, 1955, by the Board of Supervisors of Santa Clara County and which schedule is hereby adopted as the general prevailing rate of per diem wages in the locality in which said public work is to be performed for each type or craft of workmen needed to execute the contract, and said schedule of wages is hereby specially referred to and incorporated herein and made a part thereof as though the same were set out in full, including the specifications therein of per diem wages for legal holidays and overtime work in said locality; and the contractor to whom the contract is awarded and any subcontractor under him shall pay not less than the specified prevailing rate of wages as therein specified to all workmen employed in the execution of said contract.

Said schedule of per diem wages is based on a working day of eight hours unless otherwise provided therein, and the wage prescribed there in is the per diem rate divided by the number of hours constituting the working day.

All skilled and other labor not listed above that may be employed is to be paid not less than the union wage scale for such labor.

Contractors who propose to have subcontractors perform work or labor or render service to them in or about the work shall designate in their bid the names and location of the places of business of each subcontractor who will perform such work, labor or render services in excess of one-half of one percent of the contractor's bid.

No bid shall be accepted from a contractor who has not been licensed in accordance with the provisions of the Contractor's License Act of the State of California.

BY ORDER of the Board of Trustees of the Cambrian School District.

DATED: January 30, 1956
W. O. SARTORETTE
Clerk of Said Board
Publish Feb. 2, 9, 16, 1956

A Cappella Choir Sings

On February 20 the Campbell A Cappella Choir will journey to the Santa Clara County Health Department for their first performance of the new year. This will be a business meeting of the department and the Choir will be leaving school at 2:30. Some new recruits have been added to the Choir. They are bass, David Machado; altos, Margo Ziegler and Becky Fudge; and sopranos, Sylvia Barkman and Beth Cummins.

On the 20th the Choir will be singing The Holy City, Cranberry Corners, Now Let Every Tongue Adore Thee, and Praise Ye The Lord.

GIRL SCOUTS HOLD DANCE

"Hearts and Flowers" dance of Senior Girl Scouts of Santa Clara Valley, Inc. will be held Saturday night at Onishi Hall, 195 East Taylor near Fifth, in San Jose from 8:30 to 11:30 p. m., with music by Sheldon Taix and his orchestra.

General chairmen for the semi-formal affair is Julie Scarborough of Troop No. 18, Lincoln, and Dorane Medina, Troop No. 122 of Santa Clara.

SCHOOL GIVES MAGIC SHOW

The Great Toussaint and his magic show will entertain members and friends of the Steindorf Home and School Club on Friday evening, February 10 in the school cafetorium, under the auspices of the Home and School Club.

Proceeds from the show will go to the Home and School Clunb

Barbara Curry, 10, looked forward to her recent trip to O'Connor Hospital for toe surgery as quite an exciting experience. She's getting along fine and is now at home. Barbara, a fifth grader at Rosemary School, is the daughter of the Bob Curry's of Curry Plumbing.

YIELD
RIGHT
OF
WAY

ONE FOR THE ROAD . . . a new addition to the highway is the new YIELD RIGHT OF WAY sign. According to the California Automobile Association when approaching such a sign the driver must (1) reduce speed to 15 miles an hour, and (2) stop when necessary to yield the right of way to any vehicle approaching on the intersecting street near enough to constitute a hazard. Displaying the sign in the above picture are Sondra Merritt (left) and Peggy Kremer.

HI-Y BOYS SPEAK TO CLUB

Campbell Rotarians, at their meeting Monday, heard Steve Hunter, Steve Dunn, John Duncan and Bob Young present a "model Bill" in the same manner they plan to bring the bill forward in the forthcoming model legislature which will convene in Sacramento next week when they will be delegates to the YMCA "Youth in Government" convention.

California Water Projects Fund is the topic of discussion to be presented at the model legislature session.

Cliff Cassiday was chairman for the day.

Mrs. A. I. Cramer of Santa Rosa, a long-time resident of Campbell several years ago, was a recent visitor at the J. Souto home on 190 North Central Avenue.

PRESS—SEVEN GRANGE HOLDS BOX SUPPER

Master Martin Walsh presided at the regular meeting and box supper of the Los Gatos Grange in the First National Bank Building in Los Gatos on February 6, when Master Olson headed a large visiting delegation from the Soquel Grange. Master Buck of the Almaden Grange, and Mrs. Buck were also visitors.

Olson and Buck auctioned the lunch boxes at the conclusion of the short business meeting. Mrs. Ann Evensizer, home economics chairman, headed the refreshment committee furnishing coffee and tea.

STUDY GROUP MEETS

"This Revolutionary Faith" by Lloyd Shadlock was the subject studied Tuesday by women of the First Methodist Church, when Mrs. E. R. Kennedy headed the group as teacher.

The meetings, which will continue for three more weeks, will be held at 9:30 a. m. each Tuesday in the home of Mrs. Earl Buck, 237 North Carlyn Ave.

REPUBLICANS MEET

The Campbell Republican Assembly will meet this Friday at 8 p. m. in the high school administration office to elect officers. Howard E. Lillingston is the president and Mrs. Pat McCullough, secretary.

Methodist Church Holds Church School Classes

The Commission on Education of the First Methodist Church through its chairman, Mrs. Oliver Buehner, has just announced a series of training classes for workers in the Church School. The first session will be conducted on Monday, February 20 at 7:30 in the Fire-side Room of the new church on Winchester Ave. The class will continue for six Monday evenings. Miss Etta Peoples, the Director of Christian Education, will be the instructor. The subject of the first course will be "Introduction to Teaching".

This course will deal with many practical problems of teaching: how persons learn, and how they may be guided in their learning; how to prepare a lesson plan; how to improve one's teaching; the use of activities in education, and problems of the individaul teacher.

A duplicate session of each lesson will be conducted on Wednesdays at 10:00 A. M. for those unable to attend in the evening. The first meeting of this second group will be on Wednesday, February 29.

Other courses announced to follow through the spring months, one session a week, will be "The Use of the Bible with Children" opening on April 9; "Teaching Youth", April 11; and "Planning a Vacation Church School", May 21. All of these courses are open to any persons interested, whether active in the church or not, parents as well as Church School workers.

Netops Council Holds Meeting

Mrs. Walter Lamb presided when Netops Council No. 247, Degree of Pocahontas, convened last Friday in the I. O. O. F. Hall for their regular meeting.

Deputp Grand Pocahontas, Mrs. David Cunha, conducted a school of instructions for members. Mrs Maxine Smith, child welfare chairman, reported that she delivered a number of scrap books to the children in the County Hospital.

A Valentine party followed the business session. Mesdames Robert Loveday, John Morris and Walter Lamb headed the committee for the evening.

Mrs. D. A. Gutierrez and Mrs Ray Gilpatrick will attend a meeting of the Association's fair committee in Gilroy tomorrow evening.

DUNPHY ART SHOW

A commemorative exhibition of the work of Nicholas Dunphy, for 25 years secretary-treasurer of the California Society of Etchers, has been prepared by the Achenbach Foundation for Graphic Arts for a month's showing, ending Sunday at the California Palace of the Legion of Honor Museum. The etcher achieved a national reputation during his lifetime and his work has been included in the major print collections of the west, as well as in the Library of Congress.

Born in Nebraska, Dunphy spent the early years of his life in Campbell and attended school here. The family, who were well known, had a ranch here.

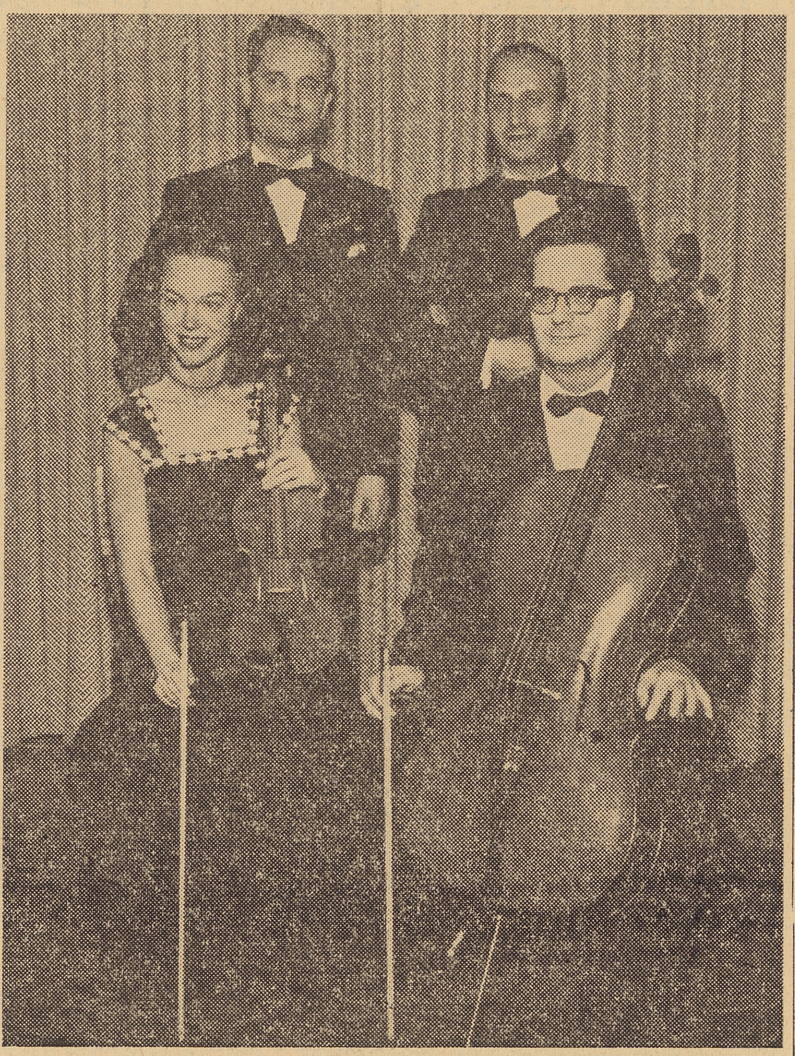
STORK SHOWER FOR MRS. HALLER

Campbell friends of Mrs. Lewis Haller of 178 Hobson St. in San Jose, surprised her with a stork shower in her home on the evening of February 8.

Mesdames George Reynolds, Donald Johnson and Ray Gilpatrick were hostesses for the shower.

Other Campbell guests were: Mesdames Thelma Nelson, Phyllis Radford, Florence Rohde, Edna Black, Maxine Smith, D. A. Gutierrez, Jess Peters, David Cunha Mal Dorsett, Walter Lamb and Miss Rayetta Nelson.

Society ... Personals ... Clubs ... Organizations ...



QUARTET IN CONCERT ... Frank Triena, head of the music department of Campbell Union High School, directed the San Jose String Quartet in a concert in Montgomery Theater, San Jose, Tuesday evening, sponsored by San Jose Symphony Women's Auxiliary to benefit current San Jose Symphony season. String Quartet members pictured are: seated, left to right, Dorisse Kelley and Donald Homuth; standing, left to right, Frank Triena and Charles Giskin.

Foster-McGowen Nuptials Read By Rev. Neale

Campbell Methodist Church was the scene of the double ring ceremony when Miss Lee A. McGowen became the bride of John F. Foster on the afternoon of February 4, with Rev. Herbert Neale officiating.

Lee chose a light blue taffeta street length dress, with full skirt for the ceremony. Her small hat and lace shoes were white. She carried a French bouquet of pink rosebuds and carnations.

Mrs. Edward McGowen, sister-in-law of the bride, and her only attendant, was her matron of honor. She wore a street length cocoa brown taffeta dress, fashioned with a full skirt and carried a French bouquet of yellow and white carnations.

John Dallas performed duties of best man.

Mrs. Anna McGowen, mother of the bride, chose a powder blue suit with black accessories for the ceremony. She wore an orchid corsage.

Following the ceremony, a reception for over 30 friends and relatives of the couple was held in the home of the bride's sister, Mrs. Anthony Bilardi of Cambrian Park.

Following a honeymoon trip to Monterey, the newlyweds are at home in San Jose.

The bride, daughter of Mrs. Anna McGowen of 383A Arleta Avenue, San Jose, formerly of Campbell, is a graduate of Campbell High School. Following graduation she has been employed as a secretary in the area.

The groom, son of Mr. and Mrs. G. Foster of Michigan, graduated from Michigan schools. He attended San Jose State College and is presently employed in San Jose.

MOORPARK PTA BESTOWS AWARD

Enoch Robertson was awarded honorary PTA life membership at Moorpark PTA Founder's Day meeting last Tuesday and was introduced at the meeting by Mrs. Jerald Ginney.

Past presidents Mmes. Robert McArtell, Eugen Andres Jr., Howard Womer, Jerald Ginney, Hugh Findley, Howard Payne and Kenneth Denea were introduced as honored guests for the occasion.

Mrs. Edmund Hilscher directed fifth and sixth grade girls in a style show, following presentation of awards.

Mrs. Everett Nolen presided at the business meeting preceding the program when nominating committee for next year's officers was elected.

Second grade mothers served refreshments at the conclusion of the evening's activities.

CAKE SALE AT CAMDEN

The cake sale at Camden High School yesterday noon, given by Campbell High School District Faculty Wives Club, brought in $13.40, which will be added to the annual scholarship fund, awarded each year to a senior high school girl planning to enter the field of education.

Mrs. Frank Meiss and Mrs. Charles Stephens assisted in serving, while cake cutters were Mmes. Charles Crampton, Richard Davis, James Gillespie and J. D. Russell.

Northern California wound up 1955 with a strong increase in the sale of United States Savings Bonds, it has been announced by Frank C. Mitchell, U. S. Savings Bonds Chairman for Santa Clara County.

Play Ladies To Hold Tea

The eighth annual Membership Tea of the Children's Service Guild will meet Monday from 2 to 4 p. m. in the auditorium of the Public Health Department, when Virginia Taylor, chief librarian of the City Library children's department will demonstrate various uses of puppets and how to make them more interesting for young and old.

Many Campbell area women formed the small group of women who served as the original Play Ladies, acting on the suggestion of a county nurse and doctor, and formed the nucleus for the Children's Service Guild which was formally organized in December 1948.

The general public is invited to attend the tea which is to benefit the Play Closet, consisting of every conceivable toy to interest children of various ages, which the Play Ladies regularly take to youngsters confined to hospitals. These women also entertain the children by playing records, singing songs, reading stories and assisting with many projects and all recreation which helps the youngsters confined to the hospital make the time pass more pleasantly.

Campbell Girl is Rainbow Leader

Lois Shields of Campbell was installed as worthy adviser of Los Gatos Chapter of Rainbow Girls at ceremonies in the Masonic Temple at Los Gatos on the evening of February 4. Miss Marian Dow grand worthy advisor, installed Lois in her new post.

Sally Sice of Los Gatos was installed as worthy associate adviser, and Judy Donovan, also of Campbell, was charity.

Mr. and Mrs. John McDonald of San Jose, Supreme Inspectors of Order of Rainbow Girls, attended the installation ceremonies, and John McDonald also furnished piano music during the ceremony.

DATE SET FOR FASHION SHOW

At a special committee meeting in the parish school last Thursday, reports were heard from the many ladies working on the coming fashion show and luncheon, the major spring project of St. Lucy's Mothers' Guild and the Women's Club.

Anyone interested in obtaining tickets for the affair, to be held March 17 at Mary Ann Gardens in San Jose, may contact Mrs. John Howe, ESsex 7-0624; Mrs. Eugene Kelly, ESsex 7-0569, or Mrs. Elmer Jones, FRanklin 8-5119.

DeMOLAY MEETS TO SHOW FILM

Robert Kaiser, master councilor, presided at last Thursday's meeting of Campbell Chapter, Order of DeMolay in the Congregational Church.

Plans for holding a skating party were discussed at the meeting, also a tour of the new Ford plant at Milpitas. Art Poore, Bob Axelson and Gary Richards received initiatory degrees at the last meeting.

Next DeMolay meeting will be February 24, when old members are urged to attend.

GRANGE INITIATES

Morethan 150 members and visiting members and dignitaries were present from Sunnyvale, Cupertino, Los Gatos, Almaden, Berryessa and Gilroy Granges, when 11 candidates from the groups received their initiation in the first and second degrees in a ceremony conferred by the Sunnyvale degree team at Tuesday's meeting of the Orchard City Grange, No. 333.

Orchard City Grange Master B. K. Werner introduced visiting members and dignitaries. Herb Shadle, community service chairman, presented a report on sponsoring the American Cancer Society in this community.

Lecturer Cora Kaufmann announced a Valentine party and dance for the February 28 meeting.

Following the meeting, Mrs. Peggy Dodson, hostess, assisted by Mr. and Mrs. Joe Brown, Mrs. Marg Parr and Mrs. Myrtle Elden served refreshments.

PRAYER DAY OBSERVED

Rev. Donald Jolly of the Quito United Presbyterian Church will be speaker when the Council of United Church Women of West Santa Clara County, comprising churches of Campbell, Cupertino, and Saratoga, will observe World Day of Prayer at the Los Gatos Methodist Church at 2 p. m. tomorrow.

Mrs. Gordon King of Saratoga Federated Church is chairman of the day.

Students On Screen

Twenty Campbell students will appear on the KNTV television program, "Teen Time", on February 20 at 5:30 p. m.

They will be interviewed by Lucille Lando, the mistress of ceremonies.

Those representing Campbell High will be Ethel Dorman, Roger Lukehart, Fred Esparza, Jerry Sutton, Nan Gault, Jim Corbus, Mickie Filing, Hector Cordova, Lorraine Soto, Julie Gallagher, Sherry Robinson, Glen Cureton, Russ Cahill, Tony LoBue, Lani Cahill, Ken Honda, Sallie Tamari, Marceline Dale, Diane O'Brien, and Gail Dean.

Eagles Drop Bucs Varsity Cagers

The Campbell Varsity Cagers were downed by the Mt. View Eagles last Friday, February 10, by a score of 42 to 24 in favor of the Eagles. The Eagles led the Buc cagers at half time by a score of 11 to 20. In the third quarter, the Buc team started to catch the Mt. View team; but at the end of the third quarter the Bucs were still trailing with the score reading Mt. View 29, Campbell 16. In the fourth quarter the Eagles increased their lead to 42 to 24 in their favor.

The Mt. View team was paced by Capt. Paul Cass with 12 digits, while the Bucs were paced by Jim Williams with 11.

SOLO FLIGHT . . . 2nd. Lt. Donald F. Smith, son of Mr. and Mrs. David E. Smith, 545 S. McGlincey Lane, Campbell. recently made his first solo flight in a T-33 jet trainer at the Bryan Air Force Base in Texas. He is a member of the 3530th Pilot Training Group and is scheduled to graduate in April of this year, after a year of training. He is married to the former Francene Rego of San Jose and they are now living in Bryan, Texas.

THREE SCHOOLS VIE ON MAT

According to Ken Duddridge, coach of Campbell's SCVAL champion wrestling team, the "big three" in Saturday's Northern California Wrestling Tournament at Camden High School will be Tulare, James Lick, and his own Bucs.

The defending NCS champions from the Valley are going to get plenty of competition this year from a CUHS squad which won last Saturday's SCVAL championship 113-108 when Roger Lukehart defeated the Comets 191 pound Zoria in the tourney's final match.

This Saturday the Buc matmen might also gain some important victories from Harry Tomisaka in the 112 pound class, Jim Omura in the 127's, Hal Anders at 165, and certainly from Mike Profit this time in the heavyweight class.

NCT trials start at 12:30 p. m. with the finals going on after supper, beginning at 7:30 p. m. in the new Camden gymnasium.

CAGERS MEET LICK

By Bob Olson

Campbell High School's Varsity cagers and three busloads of rooters travel to James Lick High School's Gym tomorrow night for one of the two last games of the season for the Bucs.

Lick hopes to use Campbell to pull up to a three won, three lost record for the year in SCVAL play.

The Bucs, on the other hand, by beating Lick tomorrow and Washington next week will be able to gain a 3-3 standing themselves.

The Comets defeated Los Gatos 56-40 last week while the Bucs gave league-leading Mountain View almost more than it could handle for three quarters until the Eagles came back to score 13 big points in the final stanza.

The Mt. View team has averaged 67 points a contest, but the Bucs were able to hold down all the Eagle marksmen. Even All-Conference forward, Steve Flynn, was held to 11 points while Jim Williams, center, and Vernon Lunt, guard, played a great ball control game for Campbell.

Especially gratifying to Buc fans was the Campbell lightweight victory over a previously undefeated Eaglet team. Campbell's Bucbabes grabbed the contest 30-29 in the last two seconds of play thanks to Bob Miyakusu's final field goal.

Tomorrow night at Lick, the Buc Varsity will have to bottleup Leon Donahue, the leading scorer in this year's SCVAL as well as an unpredictable Comet five that has scored 50 points even while losing some games.

Against both Los Gatos and Santa Clara, Lick scored 16 points in the first quarter.

Bucs Take Dual Meet Title

The Campbell High Varsity Wrestling team won the Dual Meet Championship when they downed the Mountain View Eagles 52-0 on the Eagle mats.

The Bucs ended the season with a league record of 8 wins 0 losses.

The individual matches for the Mountain View match went as follows:

103—Nevis (C) pin Phelps (M.V.)
112—Nakamoto (C) pin Fogleman (M.V.)
120—Iwasaki (C) pin Burnham (M. V.)
127—Stroppa (C) pin Kawamoto (M. V.)
133—Omura (C) pin Sanchez (M. V.)
138—U. Garza (C) dec. Miner (M. V.)
145—T. Garza (C) pin Roldan (M. V.)
154—Gaxiola (C) dec. Angler (M. V.)
165—Cureton (C) dec. Orozco (M. V.)
175—Anders (C) pin Walker (M. V.)
191—Sutton (C) pin Takaki (M. V.)
Unl. Profit (C) dec. Casella (M.V.)

PG&E ISSUES KITE FLYING COMIC BOOK

This is the season for kite flying among the small fry and PG & E has recognized it by issuing a new edition of its annual kite flying safety guide in comic book form.

In the book, Brer Rabbit, the lucky fellow with the built-in rabbit's foot, learns eight valuable rules from wise old Brer Owl. Copies of the new edition are now available free at all PG&E offices.

The book was especially designed for PG&E by Walt Disney Publications and is circulated by the comppany to help educate children and parents in the ways to prevent injury and property damage during kite season.

The story tells how a wicked witch plans a kite flying contest to lure Brer Rabbit and his friend into situations that will cause accidents. In the nick of time, wise Brer Owl teaches the forest friends eight rules to avoid accidents while playing with kites.

Here are Brer Owl's kite flying

Bucs Top Eagles In SCVAL Upset

Last Friday, February 10, the Campbell Thirties played the Mt. View Eagles on the Buc hardwood, with the resulting score of 29-30 in favor of the Campbell team. The Bucs who led at the half, by a score of 13-6 and at the threequater mark by 25 to 18, lost their head to the Eagles in the fourth quarter. Then with seconds to go the Bucs scored again bringing the game to a tie score, 27-27. With about a half minute to go in the game Mickey Filing was fouled, and received two shots, he made the first; but the second fell short. Thus the Bucs were leading by one point. Then the Mt. View team took the ball and went for two points. With less than ten seconds to go in the game Bob Myakusu, a 5' 10" guard came sweeping through the center of the Eagle defense for a lay in, which he made bringing the score to 29 to 30 in favor of the Bucs.

The Bucs were paced by Myakusu and Filing with 8 digits each. The Eagles were led by Bill Lane with 14.

Use just once—kills ugly weeds for months

TRIOX
KILLS WEEDS

TRIOX not only kills weeds but sterilizes soil, prevents plant growth for from one to two years. Ideal for destroying weeds in patios, brick walks, driveways, etc. Easy to apply with sprinkling can. Follow label directions and cautions. (T. M.'s Reg. U.S. Pat. Off.: TRIOX, ORTHO.)

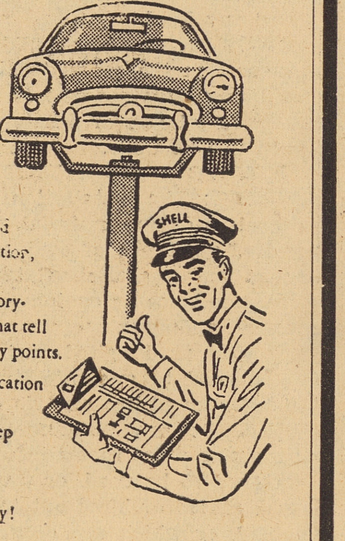
Lubrication
is more than
a grease job!



It doesn't cost any more to have your car lubricated the *right* way. And once you try us for Shellubrication, you'll never more wonder if all the lube points in your car have been covered. We've got *charts,* factory-okayed lube charts for your make and model car that tell us *where* to lubricate—how to reach out-of-the-way points.
And we safety-check your car with every Shellubrication—master cylinder, tires, battery, radiator, etc.
We clean *all* the glass area and will be glad to sweep out or vacuum the interior.
Don't forget—free pickup and delivery, too. Come in and see why folks who try us come back regularly!

CAMPBELL WINS MAT CROWN

Campbell High School won its fourth successive Santa Clara Valley Athletic League wrestling championship Saturday in the Camden High School gym. The Bucs totalled 113 points to Lick's 108 in what is rated as one of the most interesting SCVAL mat meets for all time.

Victory did not come to Campbell until the final match when Roger Lukehart pinned Lick's Zoria in the 191-pound final.

Camden will also host the Northern California prep championships this Saturday.

Following Lick in the runner-up spot were Fremont 70, Los Gatos 41, Washington 28, Santa Clara 26, Camden 21, Sunnyvale 8 and Mountain View 8.

Lick stayed in the battle to the very end and matched Campbell with individual champions, each team getting four. Besides Lukehart, the other Buc champs were Dallas Sutton, 175; Glenn Cureton, 154; and Fred Stroppa, 120.

There were 97 wrestlers engaged in the 113 matches which lasted 12:30 p. m. to 10 p. m.

Only participant to successfully retain his title was Joe Bermudes, of Fremont in the 138-pound class.

In addition to the champions other point winners for Campbell included, David Nevis, third, 103 Harry Tomisaka, third, 112; Jim Omura, second, 127; Lee Yamada, second, 133; Tony Garza, fourth, 138; Ray Gaxiola, fourth, 145; Hal Anders, fourth, 165; Mike Profit, second, heavyweight.

Camden point-getters were John Garcia, second, 103 and Carl Sorenson, second, 145.

"I went through the
wringer on washdays...

and then I got an automatic dryer!"
Feel like tossing in the towel on washday? Then why not toss the whole back-breaking job to an automatic clothes dryer! No more lugging, stooping, pinning-up, taking in. Instead, just flick a switch, and clothes come out fluffy-sweet . . . or ready for ironing. (And who cares if it rains on washday? It's always fair weather in a dryer.)
With P. G. and E.'s low rates, you can run a dryer for pennies a week—so why go through the wringer another single washday? Your appliance dealer is waiting to take the squeeze off you right now!
Gas and Electricity are cheap in California!

LEGAL NOTICE

ORDINANCE NO. 92

AN ORDINANCE OF CITY OF CAMPBELL ADOPTING BY REFERENCE A UNIFORM BUILDING CODE AND ELECTRICAL CODE, REGULATING THE CONSTRUCTION, ALTERATION, RENOVATING AND REMODELING OF BUILDING, THE INSTALLATION OF ELECTRICAL FACILITIES AND APPLIANCES, THE ISSUANCE OF PERMITS THEREFOR, PROVIDING FOR THE ENFORCEMENT THEREOF AND PENALTIES THEREFOR, ALL AS EMBRACED IN ALL OF THE PROVISIONS OF THE PACIFIC COAST BUILDING OFFICIALS CONFERENCE UNIFORM BUILDING CODE OF 1955, AND THE NATIONAL FIRE PROTECTION ASSOCIATION NATIONAL ELECTRIC CODE OF 1953 AS THE LATTER IS CHANGED AND MODIFIED HEREIN, ALL FORMING A PART OF ARTICLE II ENTITLED PUBLIC SAFETY OF THE CAMPBELL MUNICIPAL CODE.

The City Council of City of Campbell does ordain as follows:

SECTION 7:00: The City Council of the City of Campbell does hereby adopt a unifrom building code for the regulation of construction, alteration, renovating and remodeling of buildings and structures, the issuance of permits therefor, and enforcement thereof, which said building code is as follows, to-wit:

1. All of the provisions of the Pacific Coast Building Officials Conference Uniform Building Code of 1955, hereinafter termed the Building Code and each and all of the regulations, provisions, penalties, conditions and terms of such Building Code (three copies of which Code have been filed for use and examination by the public in the office of the City Clerk), are hereby referred to and are hereby adopted and made a part hereof the same as if fully set forth in this ordinance, and are adopted as sections of this ordinance (bearing the same numerical sections designations, and titles as appear in said Building Code).

SECTION 7:01: The City Council of City of Campbell does hereby adopt a Uniform Electrical Code for the regulation of electrical installations, facilities and appliances, the issuance of permits therefor and enforcement thereof, which said Electrical Code is as follows, to-wit:

1. All of the provisions of the National Fire Protection Association's National Electric Code of 1953 hereinafter termed the Electrical Code, and each and all the regulations, provisions, penalties, conditions and terms including the modifications, exceptions and additions hereinafter set forth(three copies of which Code have been filed for use and examination by the public in the Office of the City Clerk) are hereby referred to and are hereby adopted and made a part hereof, the same as if fully set forth in this ordinance, and are adopted as sections of the ordinance (bearing the same numerical sections, designations and titles as appear in said National Electric Code).

2. The following modifications exceptions and additions are also hereby adopted as part of the said Electrical Code:

ARTICLE I — PERMITS

1. It shall be the duty of the Electrical Inspector to enforce the provisions of this Code. He shall upon application grant permits for the installation or alteration of electrical wiring, devices, appliances and equipment, and shall make inspections of all new electrical installations and re-inspection of all electrical installations, all as provided in this Code. He shall keep complete records of all permits issued, inspections and re-inspections made and other official work performed in accordance with the provisions of this Code. He shall also keep on file a list of inspected electrical appliances issued by or for Underwriters' Laboratories, Inc., which list shall be available for public information during regular office hours.

2. The Electrical Inspector shall have the right during reasonable hours to enter any building in the discharge of his official duties, or for the purpose of making any inspection, reinspection or test of the installation of electric wiring devices, appliances and equipment contained therein, except that the Electrical Inspector is not empowered to enter any dwelling while the same is occupied as a dwelling without the consent of the occupant thereof. The Electrical Inspector shall have the authority to cut or disconnect any wire in cases of emergency where necessary for safety to life or property or where such wire may interfere with the work of the Fire Department. Said Electrical Inspector is hereby authorized to disconnect or order discontinuance of electrical service to any electric wiring, devices, appliances or equipment found to be dangerous to life or property because they are defective or defectively installed until such wiring, devices, appliances and equipment and their installation have been made safe and approved by said Electrical Inspector.

3. The Electrical Inspector may delegate any of his powers or duties to any of his assistants.

4. GENERAL. No electric wiring, devices, appliances or equipment shall be installed within or on any building, structure or premises nor shall any alterations or additions be made in any such existing wiring, devices, appliances, or equipment without first securing a permit therefor from the Electrical Inspector, except as stated in the following paragraphs, a, b, c, and d.

a. No permit shall be required for the replacement of lamps or the connection of portable appliances to suitable receptacles which have been permanently installed.

b. No permit shall be required for the installation, alteration or repair of wiring, devices, appliances or equipment for the operation of signals or the transmission of intelligence where such wiring, devices, appliances or equipment operate at a voltage not exceeding 25 between conductors and do not include generating or transforming equipment capable of supplying more than 50 watts of energy.

c. No permit shall be required for the installation, alteration or repair of electric wiring, devices appliances and equipment installed by or for a public service corporation for the use of such a corporation in the generation, transmission, distribution or metering of electrical energy, or for the use of such a corporation in the operation of signals or the transmission of intelligence.

d. No permit shall be required for the installation of temporary wiring for testing electrical, apparatus or equipment.

Application for such permit, describing the work to be done, shall be made in writing to the Electrical Inspector by the person, firm or corporation installing the work. The application shall be accompanied by such plans, specifications and schedules as may be necessary to determine whether the installation as described will be in conformity with the requirements of this Code, and if the applicant has complied with all provisions of this Code, a permit for such installation shall be issued; provided, however, that the issuance of the permit shall not be taken as permission to violate any of the requirements of this Code.

The permit when issued shall be for such installation as is described in the application and no deviation shall be made from the installation so described without the written approval of the Electrical Inspector.

5. "Maintenance Electrician" is an electrician who is regularly and continuously employed by an employer within such employer's own plant or premises. Said maintenance electricians must obtain the necessary permits, and pay the inspection fees prescribed by this Ordinance.

6. SPECIAL OWNER'S PERMIT. The Electrical Inspector may issue to an individual a special owner's permit authorizing said individual to install, alter, change or repair electrical equipment in, on or about a one (1) family residence of which said individual is owner and in which he resides or intends to reside, but not elsewhere; PROVIDED, that no electrical work authorized under any such special owner's permit shall be done, nor shall the owner holding any such permit allow any such work to be done, except personally by the owner to whom the permit is issued, or by a member of his immediate family; and if this or any other provision hereof shall be violated by the holder of such special owner's permit, such permit shall be subject to immediate cancellation by the Electrical Inspector, and the holder thereof shall be liable to the penalty hereinafter provided for violation of this Code.

7. The requirements of this Code are hereby specifically declared to govern and control the installation, alteration or repair of any electrical wiring, devices, appliances or equipment in any building or structure owned or controlled by any public or quasi-public or political corporation or body, except as to such electrical wiring as is specifically exempt under this section.

ARTICLE II —PENALTY FEE FOR LATE APPLICATIONS.

Whenever an electrical permit fee is required by this Ordinance to be paid prior to starting of electrical work and such work is started prior to obtaining a permit, a DOUBLE fee for each permit shall be charged.

ARTICLE III —PERMIT FEES

Each applicant shall pay to the Electrical Inspector for each permit issued, and at the time of issuance, a fee in accordance with the following schedule, and the rate provided for each classification shown therein.

For issuing each permit or additional permit	$1.00
For outlets at which current is used on controlled, 1-10	1.00
For each outlet over 10	.10
For each motor of not more than ½ HP	.25
For each motor of not more than 2 HP but more than ½ HP	.75
For each motor of not more than 5 HP but more than 2 HP	1.00
For each motor of not more than 15 HP but more than 5 HP	1.50
For each motor of not more than 50 HP but more than 15 HP	2.00
For each motor of not more than 200 HP but more than 50 HP	3.00
For each motor of more than 200 HP	4.00
For each motor-generator set the fee charged shall be 50% greater than for the motor alone.	
For each transformer, per KVA	.25
For each mercury arc lamp and equipment	1.00
For each range, electric clothes dryer, or water heater installation	.75
For each heating device, including protection equipment, each KW	.25
For working lights in buildings in course of construction or undergoing repairs or where temporary lighting is to be used:	
Temporary wiring up to 10 KVA	2.00
Temporary wiring over 10 KVA	3.00
For each festoon or decorative lighting, 100 lamps or less	1.00
For each festoon of more than 100 lamps	4.00
For each electric sign incandescent type plus 2c per lamp.	1.50
For electric sign, luminous gas type	1.50
Per transformer (signs)	.50
For each electric welder, per KVA	.50
For each mercury arc rectifier and syncronous converter, per KVA	.50
For each extra inspection	2.50
For the inspection of any electrical equipment for which no fee is herein prescribed there shall be a fee per hour	4.00
For each special circuit (circuit not herein listed)	1.00
For each trailer space outlet	.25
For each temporary pole	1.00
FIXTURES	
COLD CATHODE FIXTURES:	
Two lamps	.35
Four lamps	.50
Cold Cathode Lighting Installations:	
Each transformer per KVA or fraction thereof	.50
Each section of tubing	.05
Fluorescent or Incandescent Lighting: Fixtures 1-10	1.00
For each fixture over 10	.10

No permit shall be issued to any person, firm or corporation unless all fees due are paid in full.

ARTICLE IV — INSPECTION AND CERTIFICATES

Upon completion of the work which has been authorized by issuance of any permit, except an annual permit, it shall be the duty of the person, firm or corporation installing the same to notify the Electrical Inspector, who shall inspect the installation within 48 hours, exclusive of Saturdays, Sundays, and Holidays, of the time such notice is given or as soon thereafter as is practicable.

Where the Electrical Inspector finds the installation to be in conformity with the provisions of this Code, he shall issue to the person, firm or corporation making the installation a certificate of approval, authorizing the use of the installation and connection to the source of supply, and shall send notice of such authorization to the electrical utility furnishing the electric service.

If upon inspection the installation is not found to be fully in conformity with the provisions of this Code, the Electrical Inspector shall at once notify the person, firm or corporation making the installation, stating the defects which have been found to exist.

All defects shall be corrected within ten (10) days after inspection and notification, or within other reasonable time as permitted by the Electrical Inspector.

When a certificate of approval is issued authorizing the connection and use of temporary work, such certificate shall be issued to expire at a time to be stated therein and shall be revocable by the Electrical Inspector for cause.

A preliminary certificate of approval may be issued authorizing the connection and use of certain specific portions of an incompleted installation, such certificate shall be revocable at the discretion of the Electrical Inspector.

When any part of a wiring installation is to be hidden from view by the permanent placement of parts of the building, the person, firm or corporation installing the wiring shall notify the Electrical Inspector and such parts of the wiring installation shall not be concealed until they have been inspected and approved by the Electrical Inspector; provided that on large installations, where the concealment of parts of the wiring proceeds continuously, the person, firm or corporation installing the wiring shall give the Electrical Inspector due notice and inspections shall be made periodically during the progress of the work. The Electrical Inspector shall have the power to remove, or require the removal of any obstruction that prevents proper inspection of any electrical equipment.

ARTICLE V — CONNECTION AND INSTALLATION

Except where work is done under a Maintenance Electrician's permit, it shall be unlawful for any person, firm or corporation to make connection from a source of electrical energy or to supply service to any electric wiring, devices, appliances or equipment for the installation of which a permit is required, unless such person, firm or corporation shall have obtained satisfactory evidence that such wiring, devices, appliances or equipment are in all respects in conformity with all applicable legal provisions.

It shall be unlawful for any person, firm or corporation to make connections from a source of electrical energy or to supply electric service to any electric wiring, devices, appliances or equipment which has been disconnected or ordered to be disconnected by the Electrical Inspector or the use of which has been ordered by the Electrical Inspector to be discontinued until a certificate of approval has been issued by him authorizing the reconnection and use of such wiring, devices, appliances or equipment. The Electrical Inspector shall notify the serving utility of such order to discontinue use.

ARTICLE VI — INTERPRETATION

The language used in this Code and in the National Electrical Code, which is made a part of this Code by reference, is intended to convey the common and accepted meaning familiar to the Electrical Industry.

The Electrical Inspector is hereby authorized to determine the intent and meaning of any provision of this Code. Such determination shall be made in writing and a record kept, which record shall be open to the public.

The following requirements are hereby included in said Code, and are in addition to those set forth therein:

ARTICLE 100 — DEFINITIONS

The following definitions are supplementary to those contained in the National Electrical Code: Article 100:

PERSON: Corporations, associations, partnerships, agents and individuals.

ELECTRICAL EQUIPMENT: All wires, wiring, connections, appliances, signs, neon installations, apparatus, and material used for or in connection with the transmission or use of electricity for light, heat or power.

ELECTRICAL WORK: The installation, construction, maintenance and repair of electrical wiring and equipment.

APARTMENT HOUSE: Any building or portion thereof which is designed, built, rented, leased, let or hired out to be occupied, or which is occupied as the home or residence of three or more families living independently of each other and doing their own cooking in the said buildings, and shall include flats and apartments.

ASSEMBLY BUILDING: A building used, in whole or in part, for the gathering together of persons for such purposes as deliberation, worship, entertainment, amusement, or awaiting transportation.

BUILDING: Any structure built for the support of shelter of persons, animals, chattels or property of any kind.

DWELLING: Any building or any portion thereof which is used for living purposes but is not an apartment house or a hotel as defined in this Code.

ELECTRIC OR ELECTRICAL WIRING: The installation or the alteration of any material, fixture device, appliance of equipment in or on any material, fixture, device, appliance or equipment in or on any building, structure or premises used or designed or intended to be used to generate, transmit transfer or utilize electric energy

HOTEL: Any building containing six or more rooms intended or designed to be used, or which are used, rented or hired out to be occupied, or which are occupied for sleeping purposes by guests.

TRAILER COURT: Any area or tract of land where space is rented or held out for rent to two or more owners or users of trailer coaches furnishing their own equipment.

ARTICLE 110—GENERAL

The following sub-sections are hereby added to Section 1101 of the National Electrical Code, Article 110:

1101—APPROVAL

a. QUALITY OF MATERIAL. All materials used shall bear the Underwriter's (UL) approval and shall be of a design suitable for the purpose to be used.

All materials used in the installation, alteration or repair of electrical distribution systems shall be free from defects and shall be at least of the minimum approved standards specified for all types of materials provided for in this Ordinance.

b. Dielectric and voltage tests under load shall be made by installing activity on request of the Electrical Inspector.

ARTICLE 210—BRANCH CIRCUITS

The following modifications are hereby made in Section 2115 of the National Electrical Code. Article 210.

2115: BRANCH CIRCUITS REQUIRED. There shall be added to subsection a the following:

a. Convenient plug receptacles shall be installed on circuits that are separate from the lighting outlets. The conductors of the circuit shall not be smaller than No. 12 A. W. G. and the voltage between conductors, or between the conductors and ground, shall not exceed 125 volts. The approved circuit protective device shall not be set or rated more than 20 amperes.

Sub-section b shall be modified to read as follows:

b. In dwellings, flats and apartment houses, not more than 12 receptacles may be installed on any 2-wire circuit, or on either side of a 3-wire circuit in bedrooms, living rooms, and dens.

In all other buildings or structures and in all other areas of dwellings, flats, and apartments not more than eight plug receptacles shall be installed on any 2-wire circuits or on either side of a 3-wire circuit.

Sub-section c shall be modified to read as follows:

c. In dwellings, flats, apartment houses and hotels, not more than twelve (12) light outlets shall be placed on a 15 ampere branch circuit of No. 14 A. W. G.

To Section 2121, subsection c, Subsection 1, there shall be added the following:

c-1.Range circuits in new construction shall be run in raceway with conductors not smaller than 2 No. 6 AWG and 1 No. 8AWG Neutral. (Note: ALL 220 volt circuits in new construction shall be run in raceway. See Article 300).

Paragraph h. Range and other 220 volt circuits in old work may be installed in cable.

Any work shall be considered "old work" when a property has been placed in the possession of the occupant and all utilities have been connected.

To Section 2122 there shall be added the following:

Temporary service poles shall be wired for the load to be servied in accordance with State Safety Orders and the Utility's Guide Sheets. (These branch circuit, main service and overcurrent protection requirements shall not be construed as pertaining to temporary poles.)

Section 2122 — Sub-section a—change to read as follows:

Plug fuses and circuit breakers protecting branch circuits shall be of the "Non-Tamperable" type.

Garbage disposals and dishwashers may be installed on the same circuit under the following conditions: conductors of No. 12 wire protected with 20 ampere time delayed tamper-proof fuse Garbage disposals and dishwashers shall be connected with approved 3-wire cords to 3-wire receptacles. There shall be no other loads on the circuit which supplies the garbage disposal and/or the dishwasher.

To Section 2124, sub-section b there shall be added the following:

Laundry receptacle shall be on a restricted circuit. The following restrictions shall apply; minimum wire size No. 12 AWG and not more than a total of four (4) receptacles located in any area of the house except those in the kitchen, dining room or breakfast room.

Electric Clothes Dryer, 230 volt type shall be provided with a 30 ampere 3-wire receptacle with "L" shaped grounding slot and wired with two No. 10 and one No. 12 neutral conductor.

ARTICLE 210 SECTION 2124 Paragraph b (NEC)

Amend this paragraph as follows:

Delete the words "every 20 linear feet".

Substitute the words "every 15 linear feet".

ADD the following sentence:

"At least one receptacle shall be installed in any enclosed garage".

To Section 2124, add the following: TRAILER COURTS:

APPLICATION AND SCOPE

Section 1. This article shall be known as "Electrical Standards for Trailer Parks and Trailer Coaches" and applies to all electrical utilization equipment which operates at more than 25 volts, or which transmits, transfers, or utilizes more than 50 volts in trailer parks and trailer coaches in trailer parks, and also applies to the installation of transformers, service equipment, and other equipment used for supply or control of electrical energy when such equipment is installed in such places as covered by this Article.

Section 2. All trailer parks and trailer coaches constructed or altered after the effective date of this Article shall comply with all of the provisions of this Article, except as provided herein:

(a) any electrical system in a trailer park in existence prior to the effective date of this Article in which the system does not constitute an immediate hazard to the safety of the occupants and has been maintained in a safe condition in every part shall not be affected by the provisions of this Article.

(b) The enforcement agency shall determine whether such existing electrical systems have been maintained in a safe condition, altered or changed.

Section 3. The owner or operator of an existing trailer park shall submit two (2) sets of plans and specifications for any alteration or changes to be made to the electrical system.

ADMINISTRATION AND ENFORCEMENT

Section 4. The Electrical Inspector will enforce all the provisions of this Article pertaining to erection, construction, reconstruction, alterations, movement, arrangement of electrical systems in trailer parks.

Section 5. DEMAND: Service and feeders shall be determined on 100% demand on first ten spaces, 80%on second ten spaces, and 50% for all over the first 20 spaces. Service feeders shall be calculated on the basis of 2400 watts (20 amps. 120 volts) minimum per site up to 25' in length; 3600 watts (30 amps. 120 volts) minimum per site for all trailer sites over 25' in length. No demand allowed on branch circuits for individual trailer sites. No demand allowed for other loads.

Section 6. OVERCURRENT PROTECTION: The maximum size overcurrent protection shall not exceed the rating of the receptacle at the trailer site. Other sizes of overcurrent protection shall be in accordance with Table No. 7.

Section 7. WIRING DEVICES: There shall be a grounded receptacle at all sites based on a minimum of 20 amps. for all sites up to 25' in length and 30 amps, minimum for all sites over 25' in length but in no case shall the receptacle be rated less than the overload protection used.

Section 8. Attaching cable to trailers shall not exceed 25 feet in length unless otherwise approved.

Section 9.

WIRE SIZES

For Utility Buildings

Lighting circuits .... No. 14 wire with 15 amp fuse 12 outlets-maximum

Appliance circuits ....No. 12 wire with 20 amp fuse 8 outlets-maximum.

Exceptions: SEVERAL MOTORS ON ONE BRANCH CIRCUIT. Two or more motors may be connected to the same branch circuit under the following conditions:

(1) Two or more motors each not exceeding 1 HP in rating and each having a full load rated current not exceeding 6 amperes, may be used on a branch circuit protected at not more than 20 amperes at 125 volts or less, or 15 amperes at 600 volts or less. Individual running overcurrent protection is not required, unless the motor is automatically started or is out of sight of the starting location.

Section 10.

MINIMUM VERTICAL CLEARANCE FOR WIRE

(At Lowest Point of Sag)

Nature of Clearance	Low-Voltage 0-750 volts
Above streets and along streets in a trailer park	20 feet
Above areas (other than thoroughfares) where it is possible to drive vehicles	16 feet
Above areas accessible to pedestrians only	12 feet
Above structures	8 feet

THOROUGHFARE — Means any public or private highway, avenue, street, road, alley, or other place generally used for vehicular use.

Section 11. ALLOWABLE CONTINUOUS CURRENT-CARRYING CAPACITIES OF CONDUCTORS IN AMPERES

Size AWG MCM	Rubber Type R, Type RW Type RU, Type RH Thermo-Plastic Type T, Type TW Amperes	Weatherproof and outside wiring Amperes
12	20	30
10	30	35
8	40	50
6	50	70
4	70	90
3	80	100
2	90	125
1	100	150
0	125	200
00	150	225
000	175	275
0000	225	325

Section 12. Voltage drop shall not exceed 5% on distribution system, (demand load).

Section 13. All outside and overhead wiring shall conform to the standards of the California Public Utilities "Rules for Overhead Line Construction". All overhead wiring within the park shall be covered with double braid weatherproof or better.

Section 14. All switches, receptacles and control equipment located outdoors shall be in a weatherproof or six sided enclosure so constructed or protected that exposure to the weather will not interfere with its successful operation.

Section 15. All lights in utility buildings must be switched (No pull chains allowed).

Section 16. All overcurrent protective devices on branch-circuits shall be non-tamperable.

Section 17. Control equipment shall be located not less than three (3) feet nor more than six feet six inches (6' 6") above the ground or with a permanent working platform. Sufficient space shall be provided and maintained about electrical equipment to permit ready and safe operation. Where parts require examination adjustment, or repair during operation or while live parts are exposed, adequate working space shall be provided and maintained to permit this work being performed safely. This work space shall not be less than 2-½ feet.

Section 18. A minimum of .2 ft candles is required for protective yard lighting on all roadways and walkways.

Section 19. Not more than four (4) trailer sites shall be serviced from any one pole and all receptacles shall be grouped in one enclosure.

Section 20. An electrical diagram and complete specifications acceptable to the enforcing agency shall be submitted with each set of drawings.

Section 21. If underground direct burial cable is to be used, it shall be a minimum of two feet in the ground and protected from damage with a covering prior to backfilling the trench. Covering to be 1 x 3 redwood or equivalent. Cable shall not be permitted less than 1' radial distance from water, sewer, or gas lines.

Section 22. GROUNDING: Exposed noncurrent-carrying metal parts of all trailers and other equipment shall be grounded in one of the following ways:

(a) By means of a grounding conductor run with the circuit conductors in cable assemblies or flexible cords, provided an approved multiprong plug or equivalent is used, one prong for the purpose of connecting such grounding conductor to the grounded metal raceway or cable armor; this conductor may be uninsulated but if an individual covering is provided for this conductor, it shall be finished to show a green color. An additional contact shall be provided in the receptacle for grounding purposes.

(b) Any equipment directly connected to a ground metallic wiring system is acceptable in lieu of (a).

Exposed non-current-carrying metal parts of motors, generators and control equipment (such as frames of motors and control panels, operating levers, and casings of controllers, switches, etc.) shall be effectively grounded under the following conditions:

(1) All motors (whether fixed or portable) regardless of voltage, in all locations where exposed grounded surfaces (such as metal frames of other machines, plumbing fixtures, grounded pipe or conduit, and conducting floor or walls) exist within the reach of persons when touching the metal parts under consideration. Grounded surfaces within five (5) feet horizontally of the parts considered and within eight (8) feet vertically of the floor or working platform are considered as being within reach.

(2) All portable electric tools which are held in the hand while being operated (regardless of voltage).

(3) When the motor is not otherwise effectively grounded and when the voltage exceeds 150 volts to ground, a bond will be required between the motor frame and the rigid conduit or electrical metallic tubing in cases where the rigid conduit or electrical metallic tubing does not terminate in a junction box which is grounded to the motor frame. When the voltage does not exceed 150 volts to ground, the motor frame may be grounded through flexible metal conduit which is properly connected to the motor and to the rigid metal conduit.

Section 23. INSTALLATION AND MAINTENANCE. All electrical installations shall be made in a workmanlike manner and shall be so designed, constructed, installed, and maintained that the hazard will be reduced, as far as it is reasonably possible. Installations of new utilization equipment and conductors, and extensions, repairs and changes in existing installations shall be made only by, or under the supervision or direction of qualified person.

Section 24. WEATHERPROOFING OF EQUIPMENT. All electrical wiring and equipment installed to furnish electrical service to trailers shall be weatherproof, or protected from the weather, as required by this Code.

ARTICLE 220: FEEDERS

The following subsections are hereby added to Section 2201 of the National Electrical Code, Article 220:

a. All feeders and sub-feeders are to be placed in rigid conduit or metallic tubing (Industrial wireways permitted under National Electrical Code conditions.)

To Section 2203, sub-section c, sub-section 1, there shall be added the following:

For the purpose of computing the size of feeders in residence type occupancies: sub-feeders, etc., each lighting and convenience receptacle circuit shall be assumed to be fully loaded. The first 2-wire branch circuit shall be considered as requiring 1500 watts. Each additional 2-wire branch circuit shall be considered as requiring 1000 watts, and the first 3-wire branch circuit shall be considered as requiring 2500 watts and each addition, 3-wire branch circuit as requiring 2000 watts. The last paragraph of this section will remain as it is.

All single phase lighing loads of 2500 watts or less shall be served with not smaller than two No. 8 AWG wire. Greater loads than 2500 watts shall be served with three (3) wires not smaller than No. 8 AWG. Where an installation has been wired and arranged for 3-wire service, no 2-wire energy supply or 2-wire service shall be connected thereto without approval obtained in advance from the Electrical Inspector.

ARTICLE 230 — SERVICES

In Section 2304 of the National Electrical Code, Article 230, subsection a and b shall be deleted and the following paragraphs substituted:

a. All service conductors shall be in rigid metal conduit or metallic steel tubing. Minimum 3-wire service conductors shall not be less than three No. 2 wires in a 1-1/4" conduit. Old 2-wire 3/4" services may be increased to 3-wire by using type "TW" wire, 1-1/4" conduit or larger shall be installed in all services feeding over four circuite in all buildings.

b. All periscope services shall have a minimum of 1-1/4" conduit on the periscope and securely fastened to take the strain of the service drop conductors. Where the service drop conductors are not secured to the periscope, electrical metallic tubing for the periscope service will be permitted.

c. The length of service conduit in the building shall be as short as is reasonably practical, and shall in no case exceed thirty (30) linear feet.

d. Not more than one (1) set of service conductors shall be installed on one piece of property, except by special permission of the Electrical Inspector. At least twenty-four (24) inches of wire shall be left beyond service head to make utility connections.

e. Service wires for overhead service connection shall be located at the highest and nearest accessible point on the building from the utility company's pole and at the extreme front of the building. On residences, services may be located on the side of the building provided wires are not more than eighteen (18) inches from the front building wall. Where a building is located on a corner lot, either street frontage may be considered as the front. Where the utility company's pole is located at the rear of a building, the service outlet wires shall be located at the rear of the building in the same relative location as applies when the pole is located in front of the building. Where the building has an irregular front, the service outlet wires may be located on the portion of the front, which is in the shortest direct line from the utility company's pole, provided the proper height and clearance on the property can be obtained. When other conditions exist, the location of the service outlets shall be determined by the Electrical Inspector and the utility.

f. All electric meters and entrance switches located in residences must be installed accessible to the outside and either weatherproofed equipment or rendered weatherproof by means of a weatherproof cabinet; such cabinet shall be a minimum of 14" x 42" x 12" inches deep and shall be constructed with 3/4" minimum material if of wood. Meter boxes shall be painted.

g. Conductors of each metered subdivision shall be in separate raceways.

h. LABELLING OF METERS. When two or more meters are grouped at one point, each individual meter location shall be plainly and permanently labelled so as to clearly identify the load to be supplied through each meter.

LEGAL NOTICE

i. Where a service is changed or a meter board moved because of alterations to a building or for other reasons, a new service and meter equipment shall be so installed as to comply with this Ordinance.

j. All meter boxes shall be hinged on the sides. No door to be hinged from the top.

2357 RATING OF SERVICE SWITCH

The service switch shall have a rating of not less than the load to be carried determined in accordance with Section 2203. The service disconnecting means shall have a rating of not less than 100 amperes with a minimum fusing of 90 amperes if a switch is used, and not less than 90 amperes if a circuit-breaker is used; however, for installations consisting of not more than two 2-wire branch circuits, a switch of circuit-breakers of 30 ampere minimum rating may be used. Where multiple switches or circuit-breakers are used in accordance with Section 2371-a-3, the ratings of the service equipment shall not be less than the minimum specified in this Section. To Section 2373, there shall be added the following:

a. Electric meters must not be confined in close quarters with gas meters, unless they are separated by permanent gas tight partitions.

b. All service equipment, fuse blocks, switches, and first installation of all fuses complete, together with all meter provisions, including wires and conduit from service switch to outside of building ready for connection by the utility company, shall be installed by the person, firm or corporation obtaining the permit for the interior wiring.

c. No fuse cabinet or meter box shall be more than seven (7) feet from the floor or ground to the top of the box, and the bottom of the box shall not be less than twenty-four (24) inches from the ground.

To Section 2382, sub-section d, shall be added as follows:

d. No metal outlet box shall be installed within reach of any ground connection, such as water pipe, gas pipe, floor furnace, bath tub, wash trays, wash basin, masonry, bare concrete floor, or other grounded surface, unless the outlet box is grounded to cold water pipe with a No. 14 AWG wire with approved ground clamps. Plastic boxes, when used in these areas, shall have non-conducting covers.

ARTICLE 300—GENERAL REQUIREMENTS FOR WIRING METHODS

The following sub-sections are hereby added to Section 3001 of the National Electrical Code, Article 300:

a. All stores, office buildings, factory buildings, shops, warehouses, theatres, schools, public buildings, or any commercial or hazardous building shall be wired in any type raceway permitted by the National Electrical Code except flexible conduit. (MI type cable permitted). Where conditions prevent the use of raceway as above in ceilings or walls, in alterations, individual extensions or relocations, in such buildings flexible conduit may be used only upon approval of the Electrical Inspector.

b. Where living quarters are combined with stores, offices or other commercial uses, the entire building shall be installed with raceway in accordance with paragraph a.

c. No panel, disconnect switch, meter, or similar equipment shall be placed directly over sinks, stoves, basins, water closets, or other plumbing fixtures, nor shall any panel, disconnect switch, meter, or similar equipment be placed directly over stairs.

d. The following lighting outlets shall be switch controlled: When placed over or adjacent to plumbing fixtures, when outside of building, when in basements of building, when in basements less than seven (7) feet high, or when located in damp places.

e. One (1) plug receptacle outlet shall be installed in each bathroom in each dwelling, flat, apartment and hotel.

f. Bell transformers may be installed in fuse cabinets or mounted on outlet boxes along side of fuse cabinets, in kitchens on outlet box covers along side of the bells, or in accessible locations in basements. Transformers shall not be installed in attics.

g. All circuits carrying 230 volts to heaters, water heaters, or other 230 volt appliances, shall be run in raceway in accordance with paragraph a, except in "old work" —See Section 2121.

h. Nails shall not be used in lieu of screws to support boxes, gutters, etc., unless patent hangers are attached as part of assembly, or unless equipment is designed for nail support.

i. All permanent ironing boards must be equipped with a plug receptacle. Light sockets will not be approved for use in the place of receptacles. All receptacles must be of the concealed contact type, screw type will not be approved. Electric iron plug receptacle must not be installed inside of an ironing board cabinet. There shall be a plug receptacle installed at each gas range location. Plug receptacle shall be in an accessible location after range is installed.

j. An electrict light outlet shall be provided at or near furnace location, controlled by a switch located ahead of the passage opening.

Section 3010—Paragraph a

a. All knob and tube and nonmetallic sheathed cable wiring in basements, garages, and accessory buildings shall be securely fastened to the sides of joists, plates or studs. If the wires are run at right angles through the members, they shall be placed in bored holes and either concealed or be protected from mechanical damage by the use of approved raceway.

ARTICLE 324—CONCEALED KNOB-AND-TUBE WORK

The following sub-sections are hereby added to Section 3242 of the National Electrical Code. Article 324:

a. Knobs used in knob and tube work shall be of a type designed to hold the size and type of wire used.

ARTICLE 370—BOXES AND FITTINGS

Sub-section 1 is hereby added to sub-section a of Section 3707 of the National Electrical Code, Article 370:

1. Plaster rings shall be installed for all four (4) inch and four and eleven-sixteenths (4-11/16") inch boxes on concealed installations where outlet boxes are to be used for fixtures.

ARTICLE 380—SWITCHES

Sub-section a is hereby added to Section 3808 of the National Electrical Code, Article 380:

a. Where two (2) or more externally operated switches, motor starters, motors, controllers, or other units of electrical equipment are installed at the same center of distribution, an auxiliary wiring gutter shall be installed for the wiring connections to said equipment. Each switch, controller, motor starter, meters or other units of electrical equipment shall not be used for a wiring raceway for conductors other than those of the specific switch or starter control. All splices shall be made within the wiring gutter.

ARTICLE 410—FIXTURES AND LAMP HOLDERS

Sub-section a is hereby added to Section 4194 of the National Electrical Code, Article 410:

a. Corrected power factor transformers shall be used on all fluorescent, neon electric signs, or similar circuits, to correct power factor in such devices to not less than ninety (90%) per cent.

ARTICLE 430—MOTORS AND CONTROLLERS

Sub-section a is hereby added to Section 4312 of the National Electrical Code, Article 430:

a. Kitchen or bathroom ventilators of 1/8 HP or less may be installed on either a light or receptacle circuit and shall be counted as one outlet. 1/4 HP or less furnace or air-conditioning motors may be connected to a receptacle circuit, and shall be counted as one outlet on the circuit.

ARTICLE 600—SIGNS

Sub-section a is hereby added to Section 6001 of the National Electrical Code, Article 600:

a. Electric sign circuits shall be not less than No. 12 AWG wire. All commercial buildings shall have a sign circuit run to an accessible point on the front of the building. Display window areas in commercial buildings shall be provided with one (1) receptacle outlet above the window for each ten (10) feet of lineal window space for window signs.

ARTICLE 700 — EMERGENCY SYSTEMS

Sub-section a is hereby added to Section 7003 of the National Electrical Code, Article 700:

a. Minimum requirement of emergency lighting systems as required by the Uniform Building Code—1953 Edition—Section 3312.

Where required in assembly buildings, the emergency lighting system shall consist of the following: General lighting of not less than one (1) foot candle shall be supplied to the assembly areas and foyers or corridors leading from the assembly area. This general lighting shall be supplied through the following means:

1. By a one and one-half (1-1/2) hours capacity wet-cell battery system automatically controlled to operate at the instant of a power failure (Automobile storage-type batteries shall not be used). This battery system shall furnish current at any convenient voltage to floodlights mounted strategically throughout the area to be lighted. Battery charge shall be maintained by means of a permanently connected, automatically controlled trickle charger.

2. By an engine-driven generator system automatically controlled to operate at the instant of power failure. The generator shall take over full load within a maximum time of five (5) seconds, starting from a cold engine. Lighting furnished shall be as described above.

Requirements for exit lights: Exit lights shall be supplied by one (1) or more circuit entirely separated from other circuits in the building. Exit light circuits may be supplied from panel boards serving other lighting fixtures provided that only exit lights shall be supplied from the exit light circuit. Each light shall be equipped with two (2) individual lamps of 20 watt minimum size.

ARTICLE 725—REMOTE CONTROL, LOW ENERGY POWER AND SIGNAL CIRCUITS

The following sub-sections are hereby added to Section 7261 of the National Electrical Code, Article 725:

a. All conductors shall be 300 volt type "T" or "R" or equal, No. 18 AWG, or larger, conductors and shall be placed in holes bored through joists and studs if run at right angles to them, and when run parallel to joists and studs or strong-backs, they shall be fastened with eye rings or approved staples.

b. Switch boxes shall be placed at all switch outlets. Four (4) inch cquare outlet boxes shall be used at all relay locations and relays shall be installed so that they can be removed without removing the building finish.

c. Transformers shall be located in accessible locations and shall not be installed in attics, except under the following conditions: If the transformer is a fixed part of an attic type furnace, the transformer may be permitted to remain in this fixed position, door bell transformers may be installed immediately adjacent to these furnace installations.

d. All transformers shall be properly fused at not over three (3) amperes, unless they are of the current limiting type, and shall not be of a size over 100 VA. Fuses shall be located adjacent to transformers and shall be of the non-tamperable type.

e. All remote control conductors placed in or on buildings in such a manner as to be exposed to mechanical injury shall be run in conduit or other approved metal raceway.

f. All connections shall be soldered or an approved terminal or solder-less connector shall be used and all joints and splices shall be taped.

g. Relays shall not be installed in the pull box of the recessed fixture unless such fixture is approved by the Underwriter's Laboratory for relay installation.

h. For the purposes of inspection, each remote control switch, each relay and each transformer shall be counted as a separate device.

SECTION: 7:02 The violation of any of the provisions of this ordinance shall constitute a misdemeanor punishable by a fine of not more than Three Hundred ($300.00) Dollars or by confinement in the County Jail for not more than ninety (90) days, or by both such fine and imprisonment

SECTION: 703. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

PASSED AND ADOPTED THIS 14th day of February, 1956, by the following vote:

SAN TOMAS

The San Tomas Company of Volunteers, Department of the Central Fire Protection District, varied its monthly program of drill with a trek to Vahl's at Alviso for a dinner meeting Saturday with the other volunteers of the county.

The Ken Bitzers, Dick Bitzer, the Howard Greers, the W. O. Jones, the G. W. Ruddells, the J. Caudills and the L. R. Hoovers attended. Kenneth Bitzer was honored with a plaque for his service as 1954 president of the county organization of volunteers.

James Caudill, of Juanita Way, is recording secretary of the county organization, which meets every two weeks, rotating its meeting place among the volunteers fire stations in the county.

LEGAL NOTICE

ORDINANCE NO. 93

AN ORDINANCE OF CITY OF CAMPBELL AMENDING SECTION 13:49 AND SECTION 13:65 AND 13:66 OF ORDINANCE NO. 15 REGULATING TRAFFIC UPON PUBLIC STREETS, BEING ARTICLE V OF THE CAMPBELL MUNICIPAL CODE ENTITLED PUBLIC SAFETY.

The City Council of City of Campbell does ordain as follows:

SECTION ONE: That Section 13:49 of Ordinance No. 15 of City of Campbell be and the same is hereby amended to read as follows:

SECTION 13:49 Curb Markings.

(a) The City Traffic Engineer is hereby authorized, subject to the provisions and limitations of this ordinance to place, and when required herein shall place, the following curb markings or other suitable signs to indicate parking or standing regulation, and said curb markings or other suitable signs shall have the meanings as hereinafter set forth.

1. Red shall mean no stopping standing or parking at any time except as permitted by the Vehicle Code, and except that a bus may stop in a red zone marked or signed as a bus zone.

2. Yellow shall mean no stopping, standing or parking at any time between 7:00 A. M. and 6:00 P. M. of any day except Sundays and holidays for any purpose other than loading of passengers or materials, provided that the loading or unloading of passengers shall not consume more than three (3) minutes nor the loading or unloading of materials more than twenty (20) minutes.

3. White shall mean no stopping, standing or parking for any purpose other than loading or unloading of passengers which shall not exceed three (3) minutes and such restrictions shall apply between 7:00 A. M. and 6:00 P. M of any day except Sundays and holidays and except as follows:

(1) When such zone is in front of a hotel the restrictions shall apply at all times.

(2) When such zone is in front of a theater the restrictions shall apply at all times except when such theater is closed.

4. Green shall mean no standing or parking for longer than twenty-four (24) minutes at any time between 7:00 A. M. and 6:00 P. M. of any day except Sundays and holidays.

(b) When the City Traffic Engineer as authorized under this ordinance has caused curb markings or other suitable signs to be placed, no person shall stop, stand or park a vehicle adjacent to any such legible curb markings in violation of any of the provisions of this Section.

SECTION TWO: That Section 13:65 of Ordinance No. 15 of City of Campbell be and the same is hereby amended to include subdivision 10 to read as follows:

"10. All traffic going South on Cypress Avenue is required to stop at the intersection of said street and Bucknall Avenue."

SECTION THREE: That Section 13:66 be amended to read as follows:

Section 13:66 Angle Parking:

In accordance with Section 13:41 and when signs or markings are in place giving notice thereof, drivers of vehicles may stand or park a vehicle only as indicated by such marks or signs on the following street or portion thereof:

1. On the north side of Campbell Avenue from the Winchester Road to a point 600 feet east of the Winchester Road.

SECTION FOUR:

That all sections and parts of sections in conflict with the sections and parts of sections as herein amended be and the same are hereby repealed.

PASSED AND ADOPTED This 14th day of February, 1956 by the following vote:

EDWARD RYAN HEADS COUNTY CHEST DRIVE

EDWARD H. RYAN

General chairman of the Red Feather campaigns to be conducted next fall for support of Community Chest agencies which serve Campbell and over 20 other communities in Central Santa Clara County will be Edward H. Ryan, manager of production for Insurance Company of North America, with offices in San Jose.

Ryan lives at 548 Old Orchard road, near Campbell.

Announcement that Ryan had accepted the general chairmanship of the 1956-57 Red Feather appeal was made recently by Walter Gipe, president of Community Welfare Council of Santa Clara County, which conducts the campaign.

The 1956-57 Red Feather Campaigns are being organized early this year, to assure a successful appeal in the fall, according to Gipe.

Ryan has been active in civic affairs since he came to the Santa Clara Valley six years ago. He currently is a trustee of Community Welfare Council, and chairman of its finance committee, and a member of the board of directors of United Givers' Plan, the YMCA and the Red Cross.

Ryan pointed out that population of the Community Chest area in Central Santa Clara County is increasing rapidly and its needs can be met only through community cooperation. More than 800,000 persons now live in the local Chest area, which includes Campbell, San Jose, Santa Clara, Cupertino, Milpitas and neighboring communities.

Ryan succeeds Robert C. Lindsey, who was chairman of last year's successful Red Feather appeal throughout Central Santa Clara County which went over the top with 100.26 per cent of its $410,900 goal.

QUITO QUORNER

When Sunland Park, the new subdivision at the corner of McCoy and Quito is completed, five new streets will be added to the area. Three of them, Clemson Ave., Swarthmore Drive and Villanova Road are already roughed in with gutters. The second unit, Purdue Ave. and Baylor St., will be laid out soon. Ken Anderson, representative of the Sunland Development Co says that about 200 homes will be ready for occupancy as fast as they can be built.

The United Presbyterian Church at Cox Ave. and Paseo Presada is bursting at the seams, according to Rev. Donald Jolly, pastor. More than 300 Bible School children must be accommodated each Sunday at 9:45 in the three Sunday school rooms which form one wing, and the kitchen and auditorium which make the other wing of the ell formed by the church structure.

It is hoped that five more Sunday school rooms can be added in a third wing which will turn the "L" into a "U".

The church also offers morning worship at 11:00, youth fellowship at 6:30, and evening worship at 7:30 as well as a Bible study class at 7:30 on Wednesday.

Johnnie Steele celebrated his tenth birthday with a classroom party last Wednesday. His mother brought in birthday cake and ice cream with all the trimmings, and his classmates of Miss Peacock's fourth and fifth grade enjoyed the party.

Fifth graders who participated were John Steele, Wendy Hurt, Patricia Logan, Janice and Joanne Stevens, Karen Croft, Brian Dorman, Wayne Hott, Carmella Overhulse, Gary Azavedo, John Bibey and Jane Keeble.

Trustees of the Campbell Union School District, L. E. Means, J. Diixon, T. Mansfield, E. Merril and D. Hartmann will make their annual tour of inspection of Quito School today.

All Introduced

Installation Takes Place for New Officers for Camden High Students

New officers were installed last week by the Camden High School student body with Principal Dean Chamberlin acting as intalling ofsficer. Kathie Kelte, outgoing student president, opened the meeting and the outgoing student manager introduced the outgoing commissioners and council members.

New student manager, Anna Morrison, introduced the new commissioners and council members who were installed by Principal Chamberlin. After the installation David Madril, new president, presided. Small student council pins were given to the outgoing officers.

New council members include, Dave Madril, president; Kathie Kelte, vice-president; Judy Christian, secretary; Anna Morrison, student manager, with Fred Helmbold, Fred McCune, Coleen Meyers and Lynette Wood, council members.

New commissioners include. Sylvia Ramirez, art; Richmond Stoakes, awards; Kevin Gugat, boys' athletics; Gayle Gorham, drama; Pete Bowen, finance; Donna Fammatre, girls' athletics; Pat Belardesm, literary affairs; Dot Reeb, music; Bob Facchine, noontime activities; Dennis Farris, photography; Bill Maxfield, publicity; Beth Russell, rally; Karen Gardner, records; Gloria Escover, scholarship; Juanita Grizzle, school affairs; Bonnie Chapman, speech-debate; Rich Keeney, supply; Eugene Oliver, utilities.

Outgoing council members are, Kathie Kelte, president; Dave Madril, vice-president; Lynette Wood, secretary; and Judy Christian, Jill Chambers, Karen Kulish and Allen Weltz, members.

Outgoing commissioners are, Gloria Escover, art; Rich Stoakes, awards; Kevin Gugat, boys' athletics; Gayle Gorham, drama; Pete Bowen, finance; Donna Fammatre, girls' athletics; Pat Belardes, literary affairs; Dot Reeb, music; Norman Rogers, noontime activities; Fred Helmbold, photography; Marilyn Howe, publicity; Beth Russell, rally; Harriet Glass, records; Edna Bedal, scholarship; Colleen Meyers, school affairs; Carla Cook, social affairs; Bonnie Chapman, speech-debate; Rich Keeney, supply and Jack Klein, utilities.

CAMDEN HIGH

FHA OFFICERS

Newly elected officers of the Camden High School F. H. A. include, Pat Lambeau, president; Phyllis Gardner, vice-president; Karen Mumm, secretary and Gracie Okamura, treasurer.

SOPH ASSEMBLY

Sophomores of Camden High presented their annual assembly last week in the Camden cafetorium with Jay Risso and Carl Sorenson acting as masters-of-ceremonies with the program theme of "chain gang".

Beth Russell, Judy Athenour, Nancy Cornish, Sherry Koster, Bonnie McMains and Georgeanne Williams danced to "Dungaree Doll".

Dennis Collins and Bob Schwenke scored with their "Der Dredic" skit with Carl Sorenson as their patient.

A toe dance to "Velvet Gloves" by Sandy Kemp was followed by Lynette Wood singing "Sixteen Pounds" while Alice King did "Dance with me Henry" and Bob Waterbury played a piano solo, "Autumn Leaves".

Barbara Marfia, Carol Garcia and the chango (Dave Madril) performed a hula dance.

A pantomime, "Suzanne had a Sew" was done by Norman (George) Rogers, who was followed by the "Triplets", Pris Hutcheson, Gail Grunsky and Virginia Husted.

Pat Belardes sang "Teen-age Prayer" and was accompanied by Linda Anger.

Jill Chambers did a pantomime to "A Good Man Is Hard to Find".

Charlotte Heintz did the "Rock and Roll Waltz" and the assembly was concluded with a can--can by Pat West, Mary Jane Thompson, Gayle Reinegger, De Weeks, Colleen Myers, and Judy Anderson.

Campbell Debaters To Enter Tourney

Campbell High School's Speech and Debate Club will send two debate teams to the State Forensic Qualifying Tournament for high school debaters to be held at College of Pacific, Stockton, Saturday, February 25.

The duo of Dennis O'Flyng and Everett Avila and the team of Pat McClenahan and Steve Dunn will try to help answer the question, "Should the Federal Government Guarantee Scholarships to Qualifide High School Graduates?"

Winners at Stockton may enter this year's State Speech Finals to be held in Santa Barbara next month.

CAMPBELL SOLDIER COMPLETES COURSE

Army Pvt. Leonard Aaron, son of Mr. and Mrs. A. Aaron, 371 Pamlar Ave., Campbell, recently was graduated from the Military Police Training Center at Camp Gordon, Ga.

Private Aaron, who attended the school after completing basic training at Fort Ord, Calif., entered the Army last September. He is a 1955 graduate of Santa Monica City College.

PLANNING ON PLANTING?

GARDENER'S CHECK LIST

By The California Association of Nurserymen

NOW IS THE TIME

1. Sprout tuberous begonias now. The sprouted tubers may.... be moved into the garden after all frost is over.
2. Control peach leaf curl by spraying now with a suitable dormant spray.
3. Do not delay planting bare root Roses and Fruit trees.
4. Take advantage of the "bare root season" and save! This is the most economical time to purchase plants such as Roses, Fruit Trees, Flowering Shrubs and Trees, Berries and Grape Vines.

ARTICHOKES, RHUBARB AND ASPARAGUS

There's probably not a Californian alive who doesn't enjoy eating at least one of these three delectable plants, the artichoke, rhubarb and asparagus—so when you plant them in your garden you're sure of appreciation for one if not all three crops.

The artichoke, rhubarb and asparagus are perennial plants which means you can depend on one planting for many years. And the time for planting is now in this mid-winter season. Enrich the soil before you set in the artichoke suckers, asparagus crowns and rhubarb crown divisions.

Artichokes should be set six inches deep, tops above the ground, four feet apart and the rows should be five feet apart; rhubarb, three feet apart, at ground level, rows four feet apart; asparagus crowns should be set 18 inches apart in a prepared trench. And very important—these three plants need a cool growing season, cautions the California Association of Nurserymen.

Interestingly enough artichokes and rhubarb can be grown as ornamental plants if you don't want to divide any part of your garden into vegetables only.

CANE BERRIES

Blackberries, currants, gooseberries and raspberries fall in the cane berry class. How to select them and then care for them requires correct information and know-how—otherwise these various delicious eating berries won't produce their maximum in your garden.

Very important to the success of berry growing is first selecting the proper varieties for your locale. In growing blackberries, for instance, your garden soil must not be water-saturated or saline. The spot where you plant blackberries should have full sun from March to November. Again in the case of currants and gooseberries the climate is the deciding factor—cool and humid summers. The most delicate berry fruit is the raspberry. It must have a slow, warm, lingering Spring.

Once you have determined the proper berry varieties for your climate area you can then select varieties according to your taste. The true raspberry flavor is found in the Cuthbert and all other raspberries are compared to it.

The Boysenberry is the most adaptable as to climate and soil of all bramble fruits. Blackberry varieties are led in this state by the Himulaya and Texas varieties are Cascade, Olallie and Thornless.

Once your cane berries are set into your garden they require little attention other than correct pruning and proper training. Insects and diseases must be watched for and destroyed. Your nurseryman can give you expert advice on all these matters. Ask him when you obtain your berry plants from him.

STRAWBERRIES

In the strawberry world there are a number of varieties that have been making news among gardners and their strawberry-consuming friends and family.

Hybrid Number 25 is an ornamental strawberry AND excellent eating! It is often planted as a ground cover as well as in the traditional mounds and the more unusual strawberry barrel. Number 25 has glossy foliage, white Spring flowers and then in Summer some of the best tasting strawberries you'll ever eat, says the California Association of Nurserymen. Number 25, besides being extremely delicious eating, is simple to grow. It has high drought tolerance, soil tolerance and requires no food.

Other favorite fairly new strawberry varieties are the University of California introductions Donner, Shasta and Lassen. Gems, Streamliner and Rockhill are also widely planted.

Shasta is especially excellent for northern and central coastal areas of the state. Lassen in a large plant and a heavy producer. For preserving Gems is a fine strawberry while the everbearing capabilities of the Rockhill and Streamliner make them favorites. They bear luscious fruit from very early Spring through late Fall.

Strawberry plants can be grown in mounds, barrels, beds or rows. In mounds and beds set the plants 12 inches apart each way.

Strawberries should be planted in a sunny location away from trees and shrubs whose roots take the nourishment and moisture from the soil. Prepare the planting soil by spading and mixing in well rotted manure or peat mixed with a commercial fertilizer. Heavy soil should have plenty of humus mixed in. Set the plans and press the soil firmly around the roots. A hormone solution can be applied to start early growth and quick root growth. A mulch of coarse shavings around the plants will protect the berries and keep them clean. Water and fertilize regularly.

Services Read For Mrs. Sutton

Funeral services for Vivian I. Sutton, 34, of 25 Gilman Ave., were conducted from Darling Fischer and Krug Memorial Chapel last Friday at 2 p. m.

Mrs. Sutton, who passed away February 8 in a San Francisco hospital after a long illness, is survived by her husband, Carl Sutton, and three children, Carlene, Randy and Janet, all of Campbell. She also leaves her parents, Mr. and Mrs. Sylvester Maupin of Campbell ;two brothers, Robert Maupin of Campbell and Sylvester Maupin, Jr., of Washington, D. C., also four sisters, Mrs. Dale Cole of Campbell, Mrs. Barbara Holstein of Santa Clara, Mrs. Lucille Naylor of Blue Lake, and Mrs. Shirley Caudell of Grants Pass. Oregon.

Rev. Herbert Johnson of the Assembly of God Church in Campbell conducted the services. Interment was in Santa Clara City Cemetery.

European Scene

EDITOR'S NOTE: Virginia Grattan, former San Jose State College and Campbell High School student has been in Europe since August. This is another of a series of articles written by her. In her last article she told of leaving for Rome. In the following she describes her visit to the "Eternal City".

Our arrival in Rome was unfortunate. We were directed to miserable quarters. Then, later we took a streetcar across town and got lost. We walked miles out of our way finding our way back. We were very tired and very unhappy. It was a bad start all around. The next day, however, we changed to a pleasant pension on Via Margutta and from then on things went well.

The next day we began with the Spanish steps, the Pantheon—where Raphael, and Victor Emanuel are buried and then the Victor Emanuel Monument with the tomb of the unknown soldier. From the top of the monument one has a fine view of Rome—St. Peters, the forum and the Coliseum.

Followed By Cat

I had the interesting experience of being accompanied around the old Roman ruins at the forum by what I suspect was an "old Roman" cat. A very thin and undernourished cat it was. When we came upon a garden and several gold fish ponds, my companion left me and crouched at the edge of one of the ponds hoping to catch a fish. It was strange to see in this place, ancient, remote and lifeless as a cemetery, a cat stalking a fish—as cats have done for centuries. I hadn't been able to imagine what life among these white pillars must have been like until that moment. But there was a live cat stalking live fish among the ruins of ancient Rome. Then, I knew that life hadn't changed much in all these centuries.

Visit St. Peter's

We visited St. Peter's on a Sunday. This church, the largest in the world is filled with so much art it is impossible to describe it adequately. Johanna and I were particularly impressed with the other "Pieta" of Michelangelo's in the small chapel in St. Peter's. Other outstanding artists of the time such as Raphael, Bernini, Maderno, Bramente have also contributed to the art and architecture of St. Peter's. No wonder the church is so magnificent.

Unfortunately the Sistine chapel, which contains Michalangelo's master pieces—"the Creation" and "the Last Judgment"—was closed, as was the Vatican museum. These are two store houses of art which shouldn't be missed in a visit to Italy. We consoled ourselves with the beauty of the twin fountains in the square of St. Peter's.

Rome is full of fountains. There is the fountain of Barcaccia (the boat) in front of the Spanish steps; the fountain of the Rivers, representing the Danube, Nile, Ganges, and Rio de la Plata; the fountain of Triton; and the fountain of the Naiada, and of course, the fountain of Trevi, just to mention a few. It seems that wherever you walk in Rome, you hear the sound of water and wherever you turn you see it sparkling in the sunlight.

One afternoon we walked up to the church St. Peter in Chains, which gets its name from the fact that it houses the chains which are said to have bound St. Peter in captivity. Moreover it contains the sculpture of Moses by Michelangelo. We crossed the broad Via Dei Fori Imperiali which leads to the Coliseum, passed by the Basilica of Maxentius and down the Via Cavour. Both Johanna and I had maps, which only seemed to add to the confusion. We couldn't locate the church with either one. Finally we asked an Italian gentleman who left his companions and walked several blocks out of his way to show us where the church was. We were very gratefut to him for there was only one road leading to the church and we might have spent all day locating it. And Michelangelo's Moses is definitely worth seeing. The legend has it that when Michelangelo finished the statue he was so overcome with the life-like quality of the work that he commanded it to speak, and when the statue didn't speak, Michelangelo struck it on the knee with his hammer. The mark on the knee is plainly visible today, whether that is how it came about or not.

Guard Changes

Leaving the church we walked home by way of the Piazza del Quirinale. The Piazza is on a hill and affords a nice view of the city. The hill is also known as Monte Covello because of the statue of the two white horses and obelisk in the square . Across from the horses is the Quirinal palace, formerly the residence of the family of Savoy and since 1948 the home of the President of the Italian Republic. As it happened when we got there it was time for the changing of the guard. Although the procedure isn't as colorful as that of Buckingham palace, it is worth seeing. The band played a few selections, marched in and out once. Then the guards were replaced and marched inside. By this time the afternoon had slipped into evening and we decided to continue on and try to find our way home before it was completely dark. We had learned from our early misadventure that it's easy to get lost in Rome at night, and we weren't taking any chances, even with two maps.

We visited the Villa Borghese on our last day in Rome. We wanted to see the fabulous collection of art at the Borghese Museum. In th morning before we left the pensione we asked our little maid, Maria, if the museum would be open. She asked the lady who ran the pensione; she asked her husband; he asked another man there, and before we knew it, it had become an international problem. We should have known better. A similar and even more volatile situation developed one morning when we asked what streetcar to take to a certain place we wanted to visit. We had people all over the pensione engaged in arguments about which streetcar or bus would be the best one. On that occasion Johanna was speaking to the maid in Italian, to another man (who spoke German) in German and to me in English. It was very confusing. Finally as it happened we ended up walking to the place anyway. On this occasion no one could agree whether the museum would be open or not. I consulted my guide book and since it said the museum was closed we decided to just go for a walk through the beautiful Villa Borghese park.

Peaceful Park

The park is full of pines, and walk ways and busts of famous Italians. It was a bright, sunny day, and it was peaceful and pleasant not to be rushing anywhere. We had come across only about half of the park's 1700 acres when we met a young man who asked us in English if we were looking for the museum. We said we understood that it was closed today. He said he didn't think so, but since we were so close by we should go and see. He showed us the way, then he asked rather sheepishly if there was anything in the museum to see. He admitted he had lived in Rome all his life but had just never taken the trouble to go and see for himself. We assured him there was, then went to see if the museum was open. Sure enough, the museum was open and we were able to see Bernini's statues "Apollo and Daphne" and his "David", along with the sculpture of "Princess Borghese-Bonaparte" (Napoleon's sister) and paintings by Raphael, Botticelli, Tintoretto, Caravaggio, Titian, and others, an outstanding collection in a very beautiful villa.

We concluded that afternoon, our last afternoon in Rome, with a small but tnthusiastic shopping spree. We decided to split up and meet for dinner at the pensione, so that we'd each have time to shop. I started out looking for prints and Art books, and came back with a silk tie and several exquisite silk scarves, which incidentally are very inexpensive in Italy. I went back to the pensione by way of the Spanish steps, happy with my purchases and feeling a bit nostalgic seeing the sun set on Rome, a city that I loved and was leaving. When I got to the pensione, Johanna came bursting in, ecstatic over a red felt hat she bought and a grey, wool skirt. We modeled each other's purchases and appraised the merchandise, then, had dinner which was marvelous as always--then packed, and turned in. Tomorrow was another day, and we had to be "early to rise" to catch the train for Switzerland and home.
